## FRAZIER IS SENT TO PENAL FARM

Colored Man is Found Guilty of Assault and Battery and Given 50 Day Sentence

ALSO FINED \$90 BY THE JURY

Two Divorce Suits Filed in Circuit Court. Wives Alleging Mistreatment by Husbands

Robert Frazier, colored, who stood trial yesterday in the circuit court, was found guilty by the jury of assault and battery, and given a \$90 fine and a 50 day sentence at the State Penal Farm, and will begin serving his sentence Thursday.

The charge against him was for assault and battery with criminal intent upon his aunt, Mrs. Narcissus Hughes, and the court in his instructions told the jury that if he was guilty of this charge, they should report him guilty, and the court would fix the sentence. The court also instructed the jury that if they found him guilty of assault, without the criminal intentions, they should report him guilty and fix his fine or sentence or both.

The jury found him guilty of the latter charge, and affixed his fine at \$90 and a 50-day jail sentence, which was changed to a penal farm sentence by the court. Conviction of the original charge would have resulted in a 2 to 14 year sentence.

In the circuit court today two divorce suits were filed, one with Jessie A. Spencer plaintiff and Thurman Spencer, defendant, in which the plaintiff alleges that they were married in May 1912 and separated November 27, of this year.

She alleges that the defendant was guilty of cruel treatment, that he was neglectful, fault-finding, grouchy and nagged at her. She asks the custody of their children be granted to the mother of the defendant, Mrs. Eddie Spencer.

In the other suit Gladys M. Margison is plaintiff and James Margison defendant. The suit was filed this summer but was withdrawn. The plaintiff is a resident of Washington township, and alleges that her husband mistreated her and threatened to kill her.

On account of his threats, she asks the court to issue a restraining order against her husband from molesting or visiting her. Mrs. Margison also asks that she be granted the custody of their two children, the youngest being two months old.

## COUNTY TO OBSERVE BIRTH ANNIVERSARY

Definite Steps to Form Organization For Centennial Celebration Next Year Are Taken

MEETING TUESDAY EVENING

The one hundredth birthday anniversary of Rush county will be celebrated.

This was definitely decided at a meeting of Rushville people interested in the project, which was held at the court house assembly room late Tuesday afternoon. Although nothing very definite was done, the first step in forming an organization was taken when Miles S. Cox, who presided, was authorized by the meeting to appoint a committee on committees which will form the groundwork for a county society to prepare for the anniversary.

Rush county will be 100 years old April 4, 1922, but it was the sense of the meeting that it would be advisable to hold off the celebration until possibly May on account of the weather being more favorable at that time.

Although the county was organized April 4, 1822, along with several other counties in this section of the state, as designed in an act of the legislature passed in January, 1822, the county's first election was not held until April 27, 1822.

### READY TO TAKE UP PAY CUTS

U. S. Rail Labor Board Prepared to Take Up Railroad Requests

Chicago, Nov. 30.—The United States Railroad Labor Board is ready to consider applications of railroads for cuts in pay of employees, Ben Hooper, board member stated today.

The Board when it settled the railroad strike called for October 30, promised it would not consider wage reductions until working rules were decided. Working rules will be announced tomorrow.

Several carriers have given notice for application to cut wages and the shop crafts have made applications for an increase. Hooper said both employees and employers are now obeying mandates of the labor board. He said the carriers before the strike settlement clarified the air were more frequent violators than their employees.

Capital Ship Ratio Controversy Between America and Japan Too Much For Experts

### A SHOWDOWN IS COMING

Action Breaks Deadlock and Places Settlement in Hands of Hughes, Kato and Balfour

(By United Press)

Washington, Nov. 30.—Naval experts of United States, Japan and Great Britain at a meeting today decided to refer back to the principal delegates the question of the capital ship ratio controversy between this country and Japan.

This in effect breaks the deadlock between the United States and Japan on this issue and places the task of reaching an agreement in the hands of Secretary of State Hughes, Admiral Baron Kato and Arthur Balfour, leading delegates of the three countries.

The question of disposition of the Anglo-Japanese alliance has been taken up by the chief delegates of United States, Great Britain and Japan, it was understood on high authority today.

This question is being considered in conferences between the "big three" of the Washington parley—Hughes, Balfour and Kato—in connection with discussion to arrive at a settlement of the capital ship ratio controversy between the United States and Japan.

The capital ship dispute upon which hinges the success of the conference, came to a final showdown at the meeting of the naval experts of

### RALEIGH BARBER HELD ON 3 CHARGES

William Sunman Accused of Giving Liquor to Minor, Giving Away Liquor and Unlawful Possession

### \$1500 BOND IN EACH CASE

William Sunman, a barber of Raleigh, was arrested this afternoon on three affidavits filed in the circuit court, one being for the unlawful possession of intoxicating liquor, one for unlawfully giving away liquor, and one for giving liquor to a minor.

Sunman pleaded not guilty and Judge Sparks fixed his bond at \$1,500 in each case, which was provided. The charge of unlawful possession alleged that the defendant had four gallons of whiskey in his possession on November 24; the charge of giving liquor to a minor alleged that on that date he gave Roy Donovan two or three drinks; the charge of giving away liquor alleged that on November 29 he gave Raymond Camp a quart of whiskey.

All three charges were filed by Charles D. Ertel, prosecuting witness. A search of the premises was made today by officers but no liquor was found. A quantity of empty bottles was found, it was said.

### STOLEN MACHINE ABANDONED HERE

Authorities Think Car Found on the Harrie Jones Farm This Morning Was Used in Booze Running

### HAS AN OHIO LICENSE PLATE

A stolen automobile, believed to have figured in "booze running," was abandoned on the Harrie Jones farm just south of Rushville Tuesday night, and is now in charge of Sheriff Jones, awaiting word from Ohio, as to the owner of the car. The machine is a six cylinder Buick, comparatively a new car, and the top and a fender was badly broken, which gave evidence of the fact that it had been in some kind of an accident.

Last yesterday three men were seen driving the machine into a corn field on the Jones farm, just south of here, and this morning the machine was still there, which prompted action by the authorities. A note roughly scribbled on the seat told the officers to return the car to its owner.

In the rear seat was an army overcoat, but there were no letters or means of identifying the owner of the car, except by making inquiry from the Ohio state officials as to the license number which was 489710. There was no evidence of whiskey found in the car, the officials say.

### NEED FOR SUPPORT OF THE I. & C. SHOWN

Amos R. Baxter, Auditor, Discusses Disastrous Competition of Motor Trucks at Kiwanis Meeting

### VALUE OF TRACTION LINE

Weekly Payroll in Rushville Alone \$2,441—Steam Roads and I. & C. Pay 5 Per Cent of Taxes

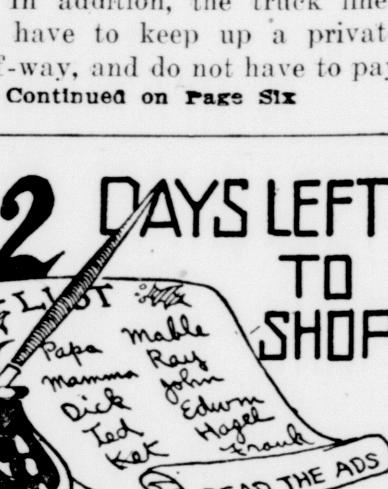

Amos R. Baxter, auditor of the Indianapolis & Cincinnati Traction company, read a paper on his classification at the regular weekly meeting of the Kiwanis club today noon at St. Paul's M. E. church, calling attention to the disastrous competition of motor trucks and the need of Rushville business men supporting the I. & C. because of its value to the community.

He pointed out that the railroads and traction line pay five per cent of the taxes in Rush county and that the weekly payroll of the traction company in Rushville alone was \$2,441.

The club transacted some business at the meeting, Jess Poe and Charles S. Green being appointed to co-operate with a committee from the Rotary club to make arrangements for the farmers and business men's banquet here during the county product show. A committee composed of Amos R. Baxter, J. T. Arbuckle and Robert E. Mansfield was appointed to represent the club in preparations for the celebrating the county centennial.

Mr. Baxter spoke in part as follows:

The truck situation, as we are now facing it in Indiana, is demoralizing to regulated transportation industries, such as the interurban railroads and the steam railroads. They are not only carrying freight at a figure that the railroads and interurbans can not compete with, but are also operating a pickup and delivery system in connection with the same. In addition, the truck lines do not have to keep up a private right-of-way, and do not have to pay

### TO INITIATE CLASS TONIGHT

Elks Will Formally Open New Addition to Club Rooms

The Elks will formally open the new addition to their club room this evening when a class of fifteen candidates will be initiated. The degree work will be given by the Greensburg lodge. The lodge will open promptly at eight o'clock and lunch will be served following the degree work.

The addition to the building includes rooms for ladies, a commodious dining room and a large dancing room which will be utilized for social functions. The new part of the building is elaborately furnished with new hangings and floor coverings and the interior decorations and lighting fixtures harmonize with the other furnishings. Members of the lodge will get their first glimpse of the improvement tonight.

### ASHCRAFT TO GO ON TRIAL DEC. 8

Slayer of Raymond Craig, Former Rushville Youth, Indicted For First Degree Murder

### TRUE BILL BY GRAND JURY

Ashcraft Pleads Not Guilty at Connerville, Declaring That The Shooting Was Accidental

Lorenzy Ashcraft, accused slayer of Raymond Craig, Rushville youth who was shot and killed in Connerville last Friday and whose funeral took place here Sunday, will go on trial Thursday, December 8 in Connerville, charged with first degree murder, according to a grand jury indictment returned late yesterday.

Ashcraft admitted killing Craig after the shooting, but after being placed in jail he stated that the shooting was accidental, and explained that the two were planning to leave on a hunting trip, when the gun was accidentally discharged.

The Fayette county grand jury began the probe on Monday morning, and finished yesterday afternoon when they returned the indictment charging first degree murder. The defendant was brought into court immediately and pleaded not guilty.

No sign of fear, remorse or regret crossed the accused man's face.

### GLENWOOD CHURCH READY FOR DEDICATION

Services to be Conducted by Walter H. Friend of Minneapolis, Will Be Held Sunday

### CONGREGATION 5 YEARS OLD

The Glenwood Christian church, which was recently completed, will be dedicated at an all day meeting to be held Sunday, it was announced today. Walter H. Friend of Minneapolis, who is in Glenwood this week holding special meetings each night and becoming acquainted with the people of the community, will be in charge of the dedication.

Bible school will be held at the usual hour, 9:30 a.m., and the dedicatory address will be made by Mr. Friend at the regular morning services beginning at 10:30. A basket dinner will be served in the basement of the church at noon and at 2:30 o'clock the formal dedication of the building by the congregation will take place. Mr. Friend will preach at services to be held in the evening.

The church was constructed of light-colored brick and stands on the southeast corner of the Rushville-Connersville pike and the Main street running north and south through Glenwood. It was completed at a cost of approximately \$18,000 and is modern in every particular.

The church was founded five years ago by J. V. Coons, deceased, and the Rev. Moody Edwards, who is now a church missionary in Mexico.

### SALE WILL OPEN IN RUSHVILLE TOMORROW

First Effort Will be Made to Sell Red Cross Christmas Seals And Health Bonds

### BIG DEMAND IN TOWNSHIPS

The sale of Red Cross double barrelled Christmas Seals will be started in Rushville Thursday, it was announced today. The sales will be made through a personal solicitation in the city, and later in the campaign it is probable that the little holiday stickers will be placed on sale at a few business houses and in the postoffice, where a booth is always maintained by the Phi Iota Xi sorority preceding Christmas.

If the advance reports from some of the townships are any criterion, the campaign will be crowned with success this year, because a steady demand for the Seals and Health Bonds is reported at several points in the county.

The first word from Milroy was that the sale was moving well in Anderson township and gave every promise of coming up to if not exceeding last year's results. News from Carthage this morning also brightened the outlook because the Ripley township chairman reported that his first supply of Health Bonds had been exhausted and that more should be rushed to him post haste.

### NO CHILDREN ARE TO BE FORGOTTEN

County Board of Children's Guardians, Salvation Army And Daily Republican Form Combination

### 1920 PLAN IS TO BE USED

Elks Lodges, Which Will Co-operate With Rotary Club, Starts Fund With \$100 Contribution

A combination (not in restraint of trade under the Sherman anti-trust law) has been perfected again by the Salvation Army the county board of children's guardians and the Daily Republican, this year, to make sure that no child in Rushville is forgotten by Santa Claus.

Although it is difficult to imagine that Christmas is so near, the holiday of holidays is just around the corner nevertheless and thoughts are gradually turning to childhood's happiest season when, to be without some remembrance, is to be sad and down-hearted.

For many years the Daily Republican has managed to collect together enough money to make certain a happy Christmas for every child in Rushville whose parents or relatives are not financially able to provide some gifts.

The arrangement last year was found the most satisfactory of any ever tried, when the names of underprivileged children were collected by members of the county board of guardians and the Salvation Army, and given to members of the Elks lodge and the Rotary club for them to buy gifts and distribute them.

The same method will be used this year and the Elks have already demonstrated their interest in the enterprise by voting \$100 to the fund. By this contribution the fund receives a splendid start, but the fact that such a large gift comes first should not lead anyone who has given before, to believe that their contribution will not be wanted, because it will be. The Elks gave a similar amount last year and there was little more than enough to go around.

Contributions will be received at the Daily Republican office up until Christmas time. The money which is thrown into the Salvation Army's kettle before Christmas will be applied to the fund and the baskets for Christmas dinners which the Army provides for poor families, will be paid for out of the Daily Republican-Salvation Army fund, as was done last year.

The members of the county board

### CHICAGO MAN WILL SPEAK AT BANQUET

Frank C. White, Agricultural Publications Representative, Obtained For Products Show Event

### IS QUALIFIED AS A SPEAKER

Banquet For Country and City Business Men Will be Served at K. of P. Building December 8

Frank C. White of Chicago, representative of all the leading agricultural publications in the United States, has been obtained as the speaker for the Farmers-Business Men's banquet at the K. of P. building, Thursday evening, December 8, which will be the closing event of the county products show opening next Monday at the Kirkpatrick garage in South Morgan street.

Mr. White is a member of the Illinois Association of Commerce and will come to Rushville highly recommended as a most entertaining and educational speaker. He is said to be well posted on agriculture as a business and by training is well equipped to discuss subjects of common interest to a group of city and country business men.

The banquet will be served by the Pythian Sisters and a charge of one dollar per plate will be made. The banqueters must of necessity be limited to 175 on account of the size of the room and it is believed that no difficulty will be experienced in selling this number of tickets. Homer Cole's orchestra will provide the music for the event.

The county products show will be the most pretentious thing of the sort ever attempted here. With the premium list running close to \$1,200, it is expected to attract a large list of entries in the corn, hog, poultry, ladies and girls' club departments. Competent judges have been obtained for all of the departments and an interesting contest is expected among the entrants

FARM OUTLOOK  
BRIGHTER TODAY

Farmers and Bankers of Ten Corn Belt States Promise to Co-operate More Closely

## TO FINANCE CORN GROWERS

Some Bankers Appear Hesitant About Accepting Corn as Sole Collateral For a Loan

Indianapolis, Ind., Nov. 30—The future looked brighter for many corn belt farmers today.

Representative farmers and bankers from ten states in the middle west meeting here agreed to co-operate more closely in financing corn growers who are pressed by adversity.

A majority of five hundred bankers entered into "a gentleman's agreement" to take advantage of federal funds made available for them to obtain and loan to the producers. Many of them will go even so far as to loan money from the banks themselves. In either case the corn in the borrowers crib would be used as collateral.

Some of the bankers appeared hesitant in accepting corn as the sole collateral and John Rhue, president of the Indiana Bankers Association, suggested that farmers form county organizations to sign the notes. Rhue declared Indiana bankers are willing to loan money where good security is offered, and he said where loans have been refused the proper security has been lacking.

Eugene Meyer, chairman of the War Finance Corporation, told the meeting that unlimited federal funds may be made available for the credit of farmers and Governor McCray, chairman of the corn belt advisory committee of the corporation, estimated \$200,000,000 would be necessary to enable the farmers to withhold their bumper corn crop from a slumping market.

Governor McCray will meet governors of the ten states represented at the meeting, in Chicago Friday to arrange for state wide banker-farmer meetings.

## New York Stocks

New York, Nov. 30—Industrials and oils were somewhat reactionary during the first few minutes on the stock exchange today, but the rails continued buoyant with a number of new highs. Mexican petroleum made an early low at 113, off 1 $\frac{1}{4}$  and Pan American Petroleum at 51 was off 5-8. While the first sale of Asphalt was up 1 $\frac{1}{4}$  at 64 $\frac{1}{2}$ , the stock then sold off to 63 $\frac{1}{2}$ . Burns Bros, opened at 116 $\frac{1}{2}$ , or 3 from this week's high. Northern Pacific led the rails with early sales as high as 82 $\frac{1}{4}$ , up 1 $\frac{1}{4}$ . Big blocks of New Haven were taken at 14, which was the high price of Tuesday.

The list was somewhat irregular, with Sears Roebuck selling at a new low for the year below 55. Davison chemical continued heavy at 52, off 7-8 from last week's high.

The opening prices on the New York stock exchange include:

Sinclair 227 $\frac{1}{2}$  up 1 $\frac{1}{4}$ ; American Sugar 53 $\frac{1}{4}$  off  $\frac{1}{2}$ ; American Car & Foundry 143 $\frac{1}{2}$  off 5-8; U. S. Steel 82 $\frac{1}{2}$  off 1 $\frac{1}{4}$ ; Crucible 65 off 1 $\frac{1}{4}$ ; U. S. Rubber 50; Retail Stores 53 $\frac{1}{2}$  up 1 $\frac{1}{4}$ ; New York Central 75 up 1; Anaconda 46 $\frac{1}{2}$  up 3-8; Baldwin 98 $\frac{1}{2}$ ; Sears Roebuck 56 $\frac{1}{2}$  off 3 $\frac{1}{2}$ ; Pan American Pete 51 $\frac{1}{2}$  up 1 $\frac{1}{4}$ ; Pure Oil 92 $\frac{1}{2}$ , off 1 $\frac{1}{4}$ ; Asphalt 64 $\frac{1}{2}$  up 1 $\frac{1}{4}$ ; Studebaker 76 $\frac{1}{2}$  off 1 $\frac{1}{4}$ ; American Telephone 116 $\frac{1}{2}$  off 1 $\frac{1}{4}$ ; Mexican Petroleum 114 off 3; Atchison 90 $\frac{1}{2}$  up 1 $\frac{1}{4}$ ; Southern Pac. off 1 $\frac{1}{4}$ ; New Haven 137 $\frac{1}{2}$ ; Northern Pac. 82 up 1 $\frac{1}{4}$ .

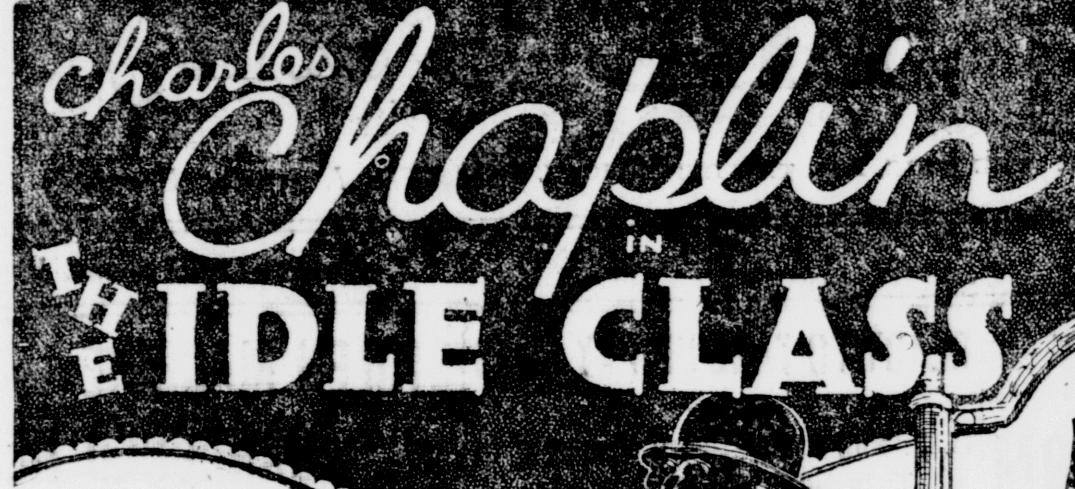

In the fight for the single ear championship remained Ed Lux, of Shelbyville, while his nephew, Frank Lux 13, defeated Eugene Troyer, of Attica, Indiana, Marvin Thornburg of Winchester, Indiana, Ora Bennett of Brownsville, Missouri, and J. Workman, of Maxwell, Illinois. The first two captured the prizes in region 3, and the last two in region four, which comprises the corn belt. They exhibited 10 ear samples.

The judging was active, with competition narrowed to four entrants—W. J. Ulrey of Attica, Indiana, Marvin Thornburg of Winchester, Indiana, Ora Bennett of Brownsville, Missouri, and J. Workman, of Maxwell, Illinois. The first two captured the prizes in region 3, and the last two in region four, which comprises the corn belt. They exhibited 10 ear samples.

## MANILLA TO BE IN CHARGE

## Will Give Program At Pleasant Ridge Epworth League Services

The Milroy Epworth League put on a splendid program at Pleasant Ridge M. E. church last evening, it being the second meeting of the Win-My-Chum week being conducted by the Epworth league of that church. The Rev. R. R. Cross, pastor of the Milroy M. E. church, made an interesting address and a short musical program was given.

This evening the Manilla league will put on the program and tomorrow evening a program will be given by the Pleasant Ridge Epworth Leaguers. On Friday evening a large delegation of the leaguers of the St. Paul's M. E. church will give the program. The orchestra is planning to attend and a good program is being arranged. Lunch will be served to the visiting leaguers. A large attendance is urged at each meeting.

## Court In a Taxi

Warsaw, Ind., Nov. 30.—Justice of the Peace J. S. Cain held court in a taxi-cab late yesterday when the defendant was unable to come into his office.

Mrs. Mary A. Albertson waived arraignment to a charge of attempting to kill her husband and was bound over to the circuit court under \$2,500 bond. She went to jail. Suffering from exposure, she was unable to leave the taxi-cab. She had run two miles and a half in the cold clothed in a nightgown and in her bare feet after the shooting.

Fred Albertson, who says his wife shot him as he entered their home Thanksgiving evening is expected to recover although the bullet is lodged within an inch of his heart.

## ASHCRAFT TO GO ON TRIAL DEC. 8

ures as he listened to the reading of the grand jury indictment.

His demeanor in the court room was apparently bold. His answers to all questions were given quickly and without sign of hesitation. No trace of nervousness was apparent, further than the restless swinging of his left foot as he sat in the witness chair with his legs crossed.

"Can you be ready for trial Thursday, December 8?" the judge asked.

"Yes sir," was the prisoner's brief reply, adding, "the sooner the better would suit me."

Judge Springer then explained that Thursday, December 8 is the first date available for the trial. He also stated that counsel will be named some time this afternoon to defend Ashcraft and told the prisoner that the counsel appointed will visit the jail some time this afternoon. Ashcraft nodded his head in assent to the remarks of the judge.

Judge Springer then asked Prosecutor Himelick if the arrangements were satisfactory. Himelick gave his assent to the plans. As he did so Ashcraft scrutinized the official keenly.

The prisoner was then placed in charge of Sheriff Steele to be returned to the jail.

## A World Bank

Frank Vanderlip, who has always applied to finance a measure of constructive imagination beyond the wont of bankers, proposes a "Gold Reserve Bank of the United States of Europe". It would be an international bank for the Old World, apparently modeled after the American banking system, and would be intended to stabilize European money and credit and enable Europe and America to do business with each other more freely and satisfactorily. The backing would be American, and there would be a new European medium of exchange, possibly a world medium, based on the American dollar.

The value of some such institution, if it were possible to establish it, is evident. The money of all European countries is depreciated compared with American money, and the rates of exchange are continually varying. Any plan that would give Europe a better medium of exchange would help Europe to get on its feet and thereby benefit America. At present it is rather easy to sell goods to Europe, but it is almost impossible to get the money for them.

The plan will hardly go through, at present. The Bank of England, which has always borne the brunt of European finance, will insist that it is still capable of taking care of the situation. But every proposal of this sort emphasizes the extent to which the whole world is becoming one financially and economically, and hastens the time when the mechanism of international business co-operation will catch up with the requirements.

Resident of Salt Lake City Adds  
Ten Pounds While Wife Gains  
28 Pounds in Weight

Don J. Perry, 370 Quince St., well-known Salt Lake City, Utah business man, in reporting remarkable gains in weight both by himself and his wife, says:

"My wife gained twenty-eight pounds and I gained ten pounds in a few weeks by taking Tanlac. The change in Mrs. Perry is all the more remarkable, as she had been going down hill steadily for four or five years. She got no nourishment from her food and I don't believe she averaged three hours sleep out of the twenty-four."

"While my condition was not as serious as hers, I had been under the weather for some time, had no appetite and was bothered a good deal by indigestion. Tanlac has certainly proved all and more than is claimed for it with us."

Tanlac is sold in Rushville by B. Johnson Drug Co. and by leading druggists everywhere. Advertisement.

## Make the Most of Christmas

Make it a jolly Christmas and don't worry over the bills. They won't come due until next year. That sounds a long way off, whether it is or not.

Browse around town and look into the stores. You may be surprised at some of the things you find. We've seen a lot of 'em and we know.

We suspect our local merchants are attempting to make London and Paris jealous—or perhaps they know the discriminating taste of our people and are simply trying to meet expectations.

At any rate, the "berries" are there, in the stores, waiting to be picked.

And believe us, they are worth picking. Make the most of Christmas. We won't have another one this year.

## Popular in Nippon

Reports from Tokyo are to the effect that the people of Japan are enthusiastic in praise of Secretary Hughes' proposal for international naval cuts but the Japanese naval authorities are aghast at what Japan is asked to do. They point out that Japan is called upon to scrap one dreadnaught that has been afloat but a short time and two others that will be launched in the near future, and they charge that the United States intends to scrap no big ship nearing completion. The fact is that America has expressed a willingness to scrap two dreadnaughts of 32,600 tons each, both of which have been launched, one being 80 percent complete and the other 70 percent. In addition the United States proposes to scrap 13 other ships in various stages of construction.

All the world seems to be looking to the United States for financial relief. Eventually, when everybody else is taken of it is possible we may be able to do something for ourselves.

After reading all of the varied reports that are being sent out from Washington one's point of view seems to be conspicuous for its lack of a point.

Optimistic reports continue to float out from the arms conference, but up to date none of them appear to have exactly lit.

Will some one kindly mention the league of nations occasionally? We don't want to forget the dear thing entirely.

## Buck Jones at Mystic

The appearance of Buck Jones in a new picture is always an interesting event and he will be seen tonight at the Mystic. His pleasing personality, his daring, his unsurpassed horsemanship and the skill with which he frequently disposes of villainous foes by the use of barefists alone have made him a general favorite since William Fox made him a star. Nearly all his Fox photoplays have been "Westerns", because it is in drama of this sort that the qualifications referred to find most abundant room for display.

"To a Finish" is a story of the western plains, in which a young ranchman, in defense of his father and himself, undertakes to run down a villain who seeks, by surreptitiously placing rebranded cattle

among the herds, to stamp upon these men the infamy of cattle rustling. The young man succeeds, of course; but before he succeeds he undergoes some thrilling experiences and hair-breadth escapes from death. And in the prosecution of his task he is assisted more than once by a very charming girl—played by Helen Ferguson—who at the close finds a permanent haven in the arms of the intrepid ranchman.

Baseball Magazine Publishes Their  
Selection and Fred Lieb Also  
Has "All Star" Nine

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Nov. 30—While the season is not yet open for the hunters of the "All-American" type, those fans who like to read and argue about "All-All" selections are having some food for gossip in the nominations for "All Star" baseball teams.

In a recent issue, the Baseball Magazine, nominates a first team composed of George Sisler first base; Rogers Hornsby, second base; Dave Bancroft, shortstop; Frank Frisch, third base; Ruth, Cobb and Speaker in the outfield; Steve O'Neil, catcher; Grimes, Faber and Mays, pitchers.

This combination favors the American League by a count of seven to four and makes it look like the National League infielders are all to the good and their outfielders all to the bad. The selection also hands the bulk of favor to the American League batteries.

Another selection, that of Fred G. Lieb, one of the leading baseball critics in New York, is of interest. Lieb places on his first team; Sisler, first base; Eddie Collins second base; Bancroft, shortstop; Frisch, third base; Ruth, Speaker and Ross Young, outfield; O'Neil, Shalk and Snyder, catchers; Faber, Mays, Grimes, Nels, Shocker and Coeleskie, pitchers.

Sisler, Bancroft, Frisch, Ruth, Speaker and O'Neil are favored by both experts and probably will be by all who do any kind of "All" picking in the major league. Perhaps all will not agree with the nomination of Eddie Collins on second base as he is fading, while Hornsby is just reaching his prime.

In view of what the National League pitchers did to the Yankees in the world series it looks also as if the American League hurlers may not be entitled to so much room on the pitcher's staff. Also it is hard to see how Waite Hoyt can be crowded out in favor of Coeleskie.

Sisler at first base and Frisch at third base are in a class by themselves. Barring the Gibraltar-like, Stuffy McInnis, the Brown "Sizzler" outclasses all other doorkeepers of the big time and there is no third baseman within a mile of the "Fordham Flash", Frank Frisch.

Ruth because of his great hitting and Speaker because of the all-around class that makes him a centerfielder of the "All" class for all time, rule supreme in the outfield. Ty Cobb is there too on his past, but that must not be taken to mean that the Georgia Peach is through. His legs are not what they used to be, but he is still one grand player.

Steve O'Neil, the husky Cleveland receiver, is generally regarded as the best catcher of the game, although Chicago will argue long and loud about Ray Schalk; Pittsburgh will claim for Schmidt and the Philadelphia fans will run to the support of Cy Perkins. All are fine catchers, but the Cleveland Irishman seems to have a slight edge.

Daniel Melley, Former Deputy Constable, Tells How Officials Profited by Sale of Booze

**WHISKY RING IN ACTION**

Liquor Seized in Raids Sold And Money Divided—Defendants Bond Money Confiscated

(By United Press)

Indianapolis, Ind., Nov. 30—Startling revelations in federal court today laid the groundwork for possible federal grand jury investigation of the Gary city officials and even the conduct of the last federal grand jury.

Daniel Melley, formerly a deputy constable in the court, and Justice of Peace Charles Clemens charged that the city officials in Gary profited from the sale of liquor seized in prohibition raids.

Testifying in the investigation of an alleged booze ring, Melley declared that the confiscated whisky was divided among William Dunn, judge; Henry Hunter, former prosecutor; Herman Nyhof, assistant constable, and himself and that it was sold and the profit divided among them.

He also charged that when the liquor was taken to Justice Clemens, it was the custom to have the defendant give bond and then drop the case and divide the bond money between Clemens and the constable after deducting the \$25 for the prosecutor's service.

The federal grand jury was dragged into the scandal when Melley testified that his wife knew all about his testimony even before he returned home.

"We will let the federal grand jury look into that too," Judge A. B. Anderson said. Anderson expressed surprise that some of the officials named by Melley had not been indicted by the last grand jury.

On being told that Melley had told the same story to the previous grand jury, Anderson instructed District Attorney Van Nays to draw up a list of officials without presenting them to the next grand jury.

Odd Fellows Basketball Tossers Succumb Before Attack of Richeson, Imported Player

**NEW FACES IN THE LINE-UP**

Locals Play Better Brand of Ball Than in Opener and Expect to Improve as Season Goes On

The Odd Fellows basketball team, showing considerable improvement since the opening game, lost a hard fought battle last night to the Moscow Independents, by the score of 30 to 18, and the visitors were compelled to exert their utmost in order to pull out ahead.

The Odd Fellows last night presented a different line-up than the one used in the opening game, and it is better indicated that the team played faster ball, had better team work and did not give up when trailing behind a few points.

In the preliminary game the Christian Sunday school team won a close game from the Presbyterian team, 8 to 5, and the contest was hard fought, with the youngsters displayed good passing.

The Moscow team imported Richeson from Shelbyville who was their main point getter during the game, and no matter how closely he was guarded, he managed to slip around and toss in the ringers from any angle on the floor. He made one-half the team's points.

Titsworth and Brown at forwards proved to be a good pair and Shaw held down the pivot position like an old timer. Norris started at floor guard, and later relieved Petry at back guard, with Eakins taking the floor guard position. Davis also is a comer, and will be a good man for the forward position.

The new team will begin active practice on several combination plays this week under the direction of Coach Kirkpatrick, who was extremely well pleased with the showing made by the new team. The Odd Fellows were a little weak on the offensive last night, and this part will be one of the points to be remedied.

The Connerville Reserves, the fastest team in that city, will come here next Tuesday night for a game, and the game will attract a big crowd of fans from both cities.

The line-up and summary of the game:

Moscow (30)	I. O. O. F. (18)
Richeson	F. Titsworth
P. Gosnell	F. Brown
C. Gosnell	C. Shaw
Gardner	G. Norris
Peek	G. Petry

Substitutions: Rushville, Eakin for Norris, Petry for Davis, Brown for Davis, Field goals, Richeson 7, P. Gosnell 2, C. Gosnell 5, Titsworth 4, Brown, Shaw 2, Norris. Foul goals, Titsworth, Shaw, Richeson, C. Gosnell. Referee Campbell.

The Rushville high school basketball team will put on the opening game at the new gymnasium in Connerville Friday night, when the two high school teams will meet in action in what is expected to be a lively contest. Both the varsity and second teams from the two schools will play.

The Heeb Rink has undergone repairs this fall and was only completed this week in time for the game, and Rushville will attempt to win the first game on the new floor.

Connerville has a stiff team this season and has played several games, dropping a game last Friday to Newcastle, 32 to 16, at that city.

Coach Sutton, it is understood has been putting in some extra licks, and will reorganize the local team, with Frazee jumping at center, but playing his usual place at back guard, and the center opponent will be taken care of by Pugh, Headlee, it is understood, may not play until the first of the year.

Two special cars will leave here Friday night at six o'clock and the high school band will accompany the teams and fans on the trip. Their fines totalled \$105.

Taking Rap at Boxing all The Fad in New York With National Sporting Club Joining in

**ORGANIZATION ISSUES DEFI**

Governor Miller is Waiting For Excuse to Close Fight Shops And Put Boxers to Work

By HENRY L. FARRELL  
(By United Press)

New York, Nov. 30—Taking a rap at boxing is becoming a popular pastime in New York.

The battling ranks of Tex Rickard, Jack Curley and the "boxer's union" have a new addition now in the National Sporting club. This club which organized two years ago to elevate boxing through the moral support of "the best people in New York" serves notice on the warring elements to quit warring or they'll all have to go to work.

The club says unless conditions are changed, it will go before the governor and ask the repeal of the boxing law.

Tips from upstate have it that Governor Miller is just waiting for some responsible organization to give him the excuse to close all the fight shops and put the poor abused prize fighters to work.

The national sporting club drew up the Walker Boxing bill and was largely responsible for getting it passed under the administration of Governor A. L. Smith. Rickard was one of the original members of the club, but he withdrew and some bitter feeling resulted which still exists.

The "boxer's union" did not take kindly to a "crowd of boiled shirt fronts" trying to tell them how to run the game and the club had a tough time getting a license, only to lose it after the Lynch-Herman fight a \$100,000 proposition on which the club lost money.

Muncie led the first half 13 to 6. They had some brilliant passing and showed good team work. Carthage played on even terms throughout but missed many easy goals. In the curtain raiser the Carthage Reserves won from the Rushville Shamrocks, 23 to 21, in a five minute overtime game. The game ended with each team having 17 points, and the extra five minutes gave Carthage the game.

Rushville used Gray, Kelley, Carson, Schmall, Moore, Scales and Martin in the game.

The big contest of the evening attracted a large crowd. Muncie had such players as Owens, Schaffer, Hazelton, Pittinger and Berkman.

Carthage used Bertsch, Simmonds, Winslow, Florea, Binford and Henry.

The Rushville team will play the Carthage team in a similar capacity also visiting New York, Chicago and the Pacific coast.

Then came a bit of romance—but it was cut short.

"Yes, Virginia was engaged to Harry B. Barker, Gary, Ind." Mrs. Fox said. "I knew it because he and Virginia told me so. And one night I heard Virginia break off the engagement. It was the Bismarck Garden in Chicago. She said—"

What she said the world will never know, because a hardened district attorney, unromantically flung a vigorous fist in the air and announced that such things had nothing to do with the case. The judge agreed and the romance was buried.

Mrs. Hardebeck told much the same story.

Indications today were that the trial might be drawn out into next week.

The board of medical examiners appointed to make a microscopic examination of Miss Rappe's organs, notified the court it would not be ready to report today. Until it reports the evidence cannot be concluded.

Unless attorneys limit their arguments before the jury, it may be the first of next week before Arbuckle knows whether he is "back to the films—or bail."

A sensation was sprung in the arrest of Mrs. Minnie Neighbors, witness for Arbuckle, on a charge of perjury. The arrest was on complaint of District Attorney Matthew Brady. The woman, who is the wife of a Los Angeles policeman, was held in \$2,000 bail.

Mrs. Neighbors testified she saw Miss Rappe tearing her clothes in frenzy at Wheeler Hot Springs in Ojai Valley last August. Prosecution witnesses said Miss Rappe was not at the Spring at that time.

Glimpses Into Childhood Life of Virginia Rappe Given by Mrs. Fox, Her "Aunt."

By M. D. TRACY  
(U. P. Staff Correspondent)

San Francisco, Nov. 30—Bambina Maude Delmonte, the "avenger" hovered behind the closing scenes of the Arbuckle trial today—the one remaining mysterious figure of the senators and representatives.

The governor asked the advice of the legislators and it was indicated if his plans meet their approval, the assembly will be convened between now and Christmas.

Both sides admitted she would not be called if it could be avoided—but her name has been mentioned more and more by witnesses and she is being drawn slowly closer to the stand.

Mrs. Delmont herself is flitting around constantly in the background. It has been brought out she dined with one state witness yesterday. She has had numerous phone conversations with others. Although she has taken care to appear only once in court she is in close touch with the case.

The prosecution had planned to close its case yesterday, but when adjournment time came, it was announced that more witnesses were to be examined.

Glimpses into the childhood of Virginia Rappe in connection with whose death Fatty is held, were given at the closing of yesterday's sessions. Mrs. Katherine Fox, Chicago, who had known Miss Rappe since 1900 and Mrs. Josephine Hardebeck, the "aunt" with whom Miss Rappe lived, told of her childhood, her early life and her secret love affairs.

Mrs. Fox, speaking slowly—a pleasing picture in luxurious black furs enhanced by contrast with an ivory white throat—described how Virginia at the age of six had been a "normal healthy child" who made mud pies like other kids. She told how the girl had later studied "dancing and high kicking;" had become a daring motorist at the age of 14; had been a model for a woman travelling "to sell gowns" through the Great Lake states; had gone to London in a similar capacity also visiting New York, Chicago and the Pacific coast.

Parke and son, Charles Ernest Parke, formerly of this city, Mr. Parke having been supervisor of music in the public schools here for a few years. While in Crawfordsville the local people attended the first annual concert of the Crawfordsville high school music department given under the direction of Mr. Parke Monday night, which is described as follows in the Crawfordsville Journal:

The program proved an event of exceptional merit and real enjoyment to the large audience present.

One of the most pleasing numbers on the program was the violin solo "Faust Fantasie" by Sarasate, played by Mr. Parke who is a violin artist of distinction. He played with a repose and refinement which can only be expected from a well tried artist.

Numbers which deserve especial mention were: "American Fantasie," by the orchestra; "The Gele Club Boys" by the Glee Club; In a Pagoda" by the orchestra and xylophone solo by Samuel Rowland.

Much of the success of the evening's entertainment was due to efficient work of Mr. Parke.

### She Reached for Gun

Indianapolis, Ind., Nov. 30—A two-gun bandit fled from the Hopper and Jones grocery, when Miss Bulah Pritchard reached for a revolver in the cash register. In running the bandit grabbed Miss Pritchard's purse which contained \$10.80.

George Hopper, brother of one of the proprietors, dashed out the rear door when he heard the command "Hands up". He and Miss Pritchard had just counted the days receipts which were in the open drawer of the cash register. The girl reached for the gun instead of running.

Later she found Hopper and together they notified the police.

### NEEDS FOR SUPPORT OF I. & C. SHOWN

Continued from Page One  
high rates of taxation, or have elaborate accounting systems in order to conform with local, state and inter-state regulations. Taking the situation as it relates to our own community, trucks are operating between Indianapolis and Rushville, giving a daily service; the wages of these truck drivers are paid and spent in Indianapolis. They are buying their trucks and auto accessories, gasoline and oil in Indianapolis. They are going through our county, destroying our roads, and not giving back to the county one cent in taxes or fees, while the railroads and interurban are paying wages to men employed in Rushville and these wages are largely spent with our local merchants. They are also paying out a large amount of taxes in our local county, much of which goes to the up-keep of these very roads which the trucks are using for competitive purposes.

During the year 1921, the four steam railroads in Rush county and the Traction company, paid out in taxes a total of \$51,604, of which amount the Traction company paid \$9,460, and the four railroads \$42,144. The total taxes from all sources paid in Rush county amounted to \$1,042,000, from which it will be seen that the railroads and interurban

paid approximately 5 per cent of the total.

The Indianapolis and Cincinnati Traction company has been paying out annually to employees living within the city of Rushville \$126,942, or \$2,441 per week, practically all of which is spent with our own local merchants. The other railroads are paying about \$30,000 annually in wages within the city of Rushville. Not only are the truck owners not paying any taxes to the county or city, but they are destroying our roads and leaving nothing in the county to pay for them.

It is an item which should be of considerable interest to our merchants, that while the railroads and interurban, through their pay rolls are distributing large sums of money which are paid to the merchants, that the trucks pay out nothing, and contribute nothing to the mercantile interests of the community.

While everyone recognizes the value of the present day motor buses and trucks, if operated properly as feeders for the great railroad and interurban systems and between communities not fortunate enough to have this service, no one with the interest of the country at heart would say that the trucks and buses should be operated in direct competition with the railroads, who have

Through this I became a nervous wreck and was so weak and 'all in' I could not do my work. I had backache and pains in my sides. Neither the doctor's medicine nor any other seemed to touch my case or give me any relief. ## Choice Cuts —and Others

A few months ago a newspaper man visited one of the wholesale markets of Swift & Company. He wanted to see a retailer buy a short loin of beef and then watch the retailer sell the porterhouse and sirloin steaks from it over his counter. He thought this would make a good story.

The head of the market took the reporter into the "cooler" where he showed him a high class side of beef. With a wooden skewer he marked off the short loin and said, "That is only 8 per cent of the weight of the whole side and it is selling for four times as much as this piece (and he marked off the 'chuck,' which is about one-fourth of the side of beef)."

The wide variation in the wholesale price of various cuts from the same side of beef is caused largely by demand for the so-called choicer cuts. The others are, of course, just as wholesome.

It seems as though more people than ever are demanding choicer cuts, and their demand sets the price. If few people ask for the forequarter cuts, the price of forequarters will automatically drop to a figure low enough to induce people to buy because of cheapness.

Even though certain cuts sell for relatively high prices, other cuts, due to lack of demand, sell so low that our profit from all sources over a period of five years averaged only a fraction of a cent a pound.

It is competition between consumers for the choice cuts that keeps prices for those cuts relatively high; an equalizing demand for all parts of the carcass would benefit producer, packer, retailer and consumer.

Our average wholesale selling price of all products has fallen about 40 per cent since September 1920.

## HARDING TO GIVE A BUSINESS MESSAGE

Message to Congress Will be Devoted to Efforts to Put Government on Business Basis

### TO BE DELIVERED TUESDAY

This Was President's Campaign Pledge and He is Anxious to Show Country it is Being Carried Out

By RAYMOND CLAPPER  
(U. P. Staff Correspondent)

Washington, Nov. 30.—President Harding will deliver a "business message" to congress when it meets for the regular session next week. The message will be devoted for the most part, to outlining the administration's efforts to put the government on a business basis and to legislation designed to speed up the return to normalcy.

This was his big campaign pledge on the domestic side of affairs and he is anxious to seize this opportunity to show the country that it is being carried out.

One section of the message, it is learned will be devoted entirely to discussion of the estimated economies achieved by the new budget bureau.

It will be delivered to congress next Tuesday probably in person.

An earnest appeal to rush the permanent tariff bill to completion was included.

While the president is known to be dissatisfied with the tax bill just passed he does not contemplate asking for new tax legislation at once, feeling that business should not be held in further uncertainty.

Congress was asked to amend the merchant marine act by striking out the provision directing the president to abrogate commercial treaties which forbade the imposition of discriminatory joint land and water rates.

Whether a recommendation in behalf of the bonus bill will be included is still undetermined, but President Harding is seriously considering it.

## GERMAN MINISTER TO CONFER WITH HORNE

Britain is Desirous of Closer Political and Commercial Relations With Germany

### PAYMENTS MUST BE MADE

(By United Press)

London, Nov. 30.—Dr. Walter Rathenau, former German minister of reconstruction, is in London to confer with Sir Robert Horne, chancellor of the exchequer, it was learned from a reliable source here today.

The visit of Rathenau, coming as it does on the heels of the mysterious visit of Hugo Stinnes, the German super-financier aroused interest of the London press.

Rathenau arrived in London under circumstances rivalling the mystery attendant to the visit of Stinnes.

Britain is extremely desirous of closer political and commercial relations with Germany as well as easing the reparations situation, according to the general opinion here. It is understood that Britain considers a moratorium as the best solution of Germany's acute economic situation.

However the attitude is taken by Britain, it was understood that Germany must make her January reparations payments although it is conceded exterior credits are needed by her.

Lord Abernon, the British ambassador at Berlin has been called to London it is said to join a conference on the situation.

Leipsburg, Ind., Nov. 30.—The farmers wife will come in for her share of benefits in the future farmers meetings here. Hubby is beginning to realize that he is not the whole farm.

The plain township branch of the Indiana Federation of Farmers associations has decided to make future meetings of the federation interesting to members of the farmers family. In the past men alone have participated. Hereafter social features for wives and daughters of members will be included in all meetings. The same idea will be suggested to every branch of the Farm Federation in the state.

## LABOR CONDITION IS NOW TURNING

National Conference on Unemployment Has Been Instrumental in Reducing Idleness

### BUILDING ACTIVITY NOTED

Boom is General Throughout the Country and One Third Idle-ness Reduction is Observed

By LAURENCE BENEDICT  
(U. P. Staff Correspondent)

Washington, Nov. 30.—The national conference on unemployment has been instrumental in putting between 1,500,000 and 2,000,000 idle men and women back to work. Secretary of Commerce Hoover believes.

Based on the last labor department estimate of 5,500,000 unemployed, this would be a reduction of nearly one third in the nations idle in the last two months.

Hoover made it plain he believes this pick up in industry may be only temporary and that January and March may see the gain entirely wiped out. A general revival of building has been the biggest factor in helping the unemployment situation, reports to E. E. Hunt secretary of the national conference show. Twenty-seven states comprising the northeastern section of the country reported the awarding of building contracts involving \$318,030,000 in September and \$394,977,600 in October. Both figures setting new records.

This building boom is general over the country, Hunt said. He cited figures showing that sales of municipal bonds for public works have broken all records since the unemployment conference. More than \$60,000,000 of these bonds representing new works have been sold recently in 13 representative states with more than \$34,000,000 additional placed on the market. Added to this \$10,000,000 in state bonds have been disposed of with an equal amount more offered for sale.

Illinois has sold \$2,000,000 in bonds since the unemployment conference was called and Indiana \$2,000,000.

The total amount of municipal bonds issued as the result of the speed-up program of public works urged by the national conference is estimated at \$113,787,230 for 415 representative municipalities with reports indicating these bonds are being taken quickly and that all work projected will be under way shortly.

New road work will put 150,000 more idle men on pay rolls soon reports to the conference indicate. Governor of six states have reported that within two months they can start work on more than six thousand miles of road improvement.

Indiana reported it can put 5800 men to work on road jobs.

### PLANS USE FOR ALLIED DEBT

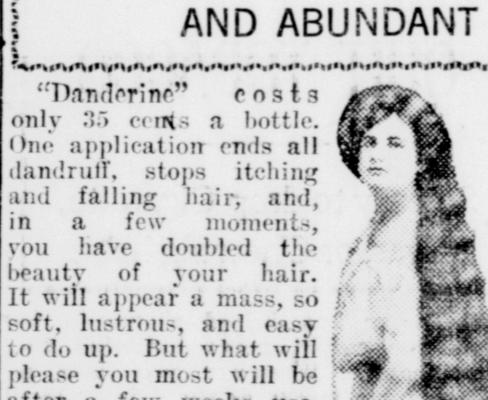

Vanderlip Suggests Money be Returned to Europe's Rehabilitation

New York, Nov. 30.—Use the allied debt for Europe's rehabilitation. This is the plan today of Frank A. Vanderlip former president of the National City bank for settlement of the world's financial problem.

Vanderlip, who has just returned from abroad proposes that the U. S. agree not to receive the money due from Europe on condition that it be used by the debtor nations in their own economic rehabilitation. His proposal was made in a speech before the economic club. This said Vanderlip, would be a "beau jester" in international relationships and would hasten the stabilization of the world.

"Dandrine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Dandrine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

## Your Health Problem

Health is the result of the Natural Energy assembled in the Brain and transmitted through the nerves to the various parts of the body. No part or organ of the body can function normally without a proper supply of this Energy. Sickness has its primary cause in misplacement of the vertebrae which compress the great nerves and obstruct the normal transmission of this Health Energy.

### Chiropractic

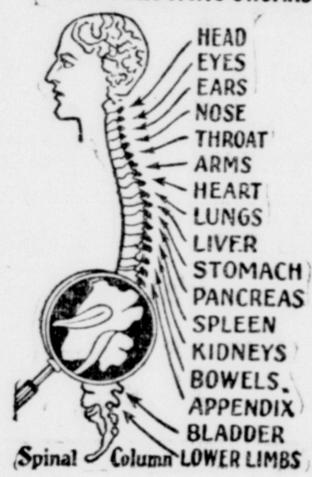

is the art of skillfully adjusting by hand these misplaced vertebrae to their normal position which releases the nerve pressure and permits a normal transmission of this vital energy to the afflicted portion or parts of the body.

Whether you can understand it or not Chiropractic is right. It gets sick people well without medicine and often after everything else has failed to give any relief whatsoever.

## CHINA TO GIVE UP POSTAL SERVICE

Presence of Postoffices Conducted For Foreign Governments Has Been Injury to Government

### AGREEMENT BY NINE POWERS

Is Proof That Keynote Struck by Secretary Hughes is to Run Through Entire Conference

By WILLIAM JENNINGS BRYAN  
Copyright 1921 by United Press  
Washington, Nov. 30—The agreement reached by the nine powers to give up postal privileges in China will greatly delight the Chinese people and greatly encourage the government at Pekin.

The presence of the post office conducted by foreign governments has been more than a mortification; it has been a real injury to the home government. China had had competitors in a matter which in other countries is the government monopoly.

The agreement to withdraw these privileges is in harmony with the spirit of the conference; it is additional proof that the keynote struck by Secretary Hughes on the first day of the session is to run through the entire proceedings. While China is securing numerous concessions, it must be remembered that she had a large number of grievances.

One of the most obnoxious limitations against which she protests is the restriction placed upon her custom duties. One of her early treaties restrains her from levying a tariff of more than five percent on imports. Of course she never entered into any such treaty voluntarily—no nation would have her own volition make any such surrender of her taxing power. As soon as this treaty was published all the other nations, great and small claimed the same privilege under the "most favored clause".

If the spirit thus far manifested continues to dominate the conference there will be a modification of this restriction. In fact, China may expect a removal of all discriminations that interfere with her legitimate aspirations.

The question of land armaments seems to be in a state of suspended animation. It awaits news from Germany or the announcement of some form of assurance which will allay the fears of France.

The association of nations plan grows apace. Ex-Senator Sutherland, who is close to the American delegation explains that the form of cooperation favored is not in line with the covenant of the League of Nations. It does not contemplate the exercise of force; the finding, if such there be, will not be binding on the nations. Its influence will be morale rather than physical. Its worth will be measured by the extent to which the conference generates the world's disposition towards peace mentioned by Secretary Hughes.

The treaties negotiated by the United States with thirty nations were built upon the same plan. They provided for the investigation of all questions of every kind and character that defied diplomatic settlement and they pledged the nations to a year's time for investigation and report. But they expressly reserved to the contracting parties the right of independent action at the conclusion of the investigation. This reservation of independent action was omitted from the covenant of the League of Nations. Article 10, which was substituted for this reservation was largely responsible for the opposition to the covenant.

President Harding could hardly be expected to propose a plan containing any provision resembling Article 10, but he can, with entire consistency, offer a plan in harmony with the thirty treaties because the Senate unanimously endorsed these treaties.

CROSS-EYED CAT RIDES THE TRUCKS \*\*\*\*\*

(By United Press)

Hoquiam, Wash., Nov. 30—Trainmen, ware the black-cat or even one which has changed its color from nondescript to black via the coal smoke process!

So say trainmen on the short line running between here and Gray's Harbor.

A shaggy, cross-eyed feline, with a voice like an unoiled car spring, persists in riding the passenger coach trucks on every run the local makes.

Decoyed abroad the trucks by sniffs of a hot axle box, the hobo feline has made his (or her) nest on a spring and gone into winter quarters where the frictional heat knocks the spots out of Ole Man Winter's chill breezes.

## FRAZIER IS SENT TO PENAL FARM

Colored Man is Found Guilty of Assault and Battery and Given 50 Day Sentence

ALSO FINED \$90 BY THE JURY

Two Divorce Suits Filed in Circuit Court, Wives Alleging Mistreatment by Husbands

Robert Frazier, colored, who stood trial yesterday in the circuit court, was found guilty by the jury of assault and battery, and given a \$90 fine and a 50 day sentence at the State Penal Farm, and will begin serving his sentence Thursday.

The charge against him was for assault and battery with criminal intent upon his aunt, Mrs. Narcissus Hughes, and the court in his instructions told the jury that if he was guilty of this charge, they should report him guilty, and the court would fix the sentence. The court also instructed the jury that if they found him guilty of assault, without the criminal intentions, they should report him guilty and fix his fine or sentence or both.

The jury found him guilty of the latter charge, and affixed his fine at \$90 and a 50-day jail sentence, which was changed to a penal farm sentence by the court. Conviction of the original charge would have resulted in a 2 to 14 year sentence.

In the circuit court today two divorce suits were filed, one with Jessie A. Spencer plaintiff and Thurman Spencer, defendant, in which the plaintiff alleges that they were married in May 1912 and separated November 27, of this year.

She alleges that the defendant was guilty of cruel treatment, that he was neglectful, fault-finding, grouchily and nagged at her. She asks the custody of their children be granted to the mother of the defendant, Mrs. Eddie Spencer.

In the other suit Gladys M. Margison is plaintiff and James Margison defendant. The suit was filed this summer but was withdrawn. The plaintiff is a resident of Washington township, and alleges that her husband mistreated her and threatened to kill her.

On account of his threats, she asks the court to issue a restraining order against her husband from molesting or visiting her. Mrs. Margison also asks that she be granted the custody of their two children, the youngest being two months old.

## COUNTY TO OBSERVE BIRTH ANNIVERSARY

Definite Steps to Form Organization For Centennial Celebration Next Year Are Taken

MEETING TUESDAY EVENING

The one hundredth birthday anniversary of Rush county will be celebrated.

This was definitely decided at a meeting of Rushville people interested in the project, which was held at the court house assembly room late Tuesday afternoon. Although nothing very definite was done, the first step in forming an organization was taken when Miles S. Cox, who presided, was authorized by the meeting to appoint a committee on committees which will form the groundwork for a county society to prepare for the anniversary.

Rush county will be 100 years old April 4, 1922, but it was the sense of the meeting that it would be advisable to hold off the celebration until possibly May on account of the weather being more favorable at that time.

Although the county was organized April 4, 1822, along with several other counties in this section of the state, as designed in an act of the legislature passed in January, 1822, the county's first election was not held until April 27, 1822.

### READY TO TAKE UP PAY CUTS

U. S. Rail Labor Board Prepared to Take Up Railroad Requests

Chicago, Nov. 30.—The United States Railroad Labor Board is ready to consider applications of railroads for cuts in pay of employees, Ben Hooper, board member stated today.

The Board when it settled the railroad strike called for October 30, promised it would not consider wage reductions until working rules were decided. Working rules will be announced tomorrow.

Several carriers have given notice for application to cut wages and the shop crafts have made applications for an increase. Hooper said both employees and employers are now obeying mandates of the labor board. He said the carriers before the strike settlement clarified the air were more frequent violators than their employees.

Capital Ship Ratio Controversy Between America and Japan Too Much For Experts

### A SHOWDOWN IS COMING

Action Breaks Deadlock and Places Settlement in Hands of Hughes, Kato and Balfour

(By United Press)

Washington, Nov. 30.—Naval experts of United States, Japan and Great Britain at a meeting today decided to refer back to the principal delegates the question of the capital ship ratio controversy between this country and Japan.

This in effect breaks the deadlock between the United States and Japan on this issue and places the task of reaching an agreement in the hands of Secretary of State Hughes, Admiral Baron Kato and Arthur Balfour, leading delegates of the three countries.

The question of disposition of the Anglo-Japanese alliance has been taken up by the chief delegates of United States, Great Britain and Japan, it was understood on high authority today.

This question is being considered in conferences between the "big three" of the Washington parley—Hughes, Balfour and Kato—in connection with discussion to arrive at a settlement of the capital ship ratio controversy between the United States and Japan.

The capital ship dispute upon which hinges the success of the conference, came to a final showdown at the meeting of the naval experts of

### RALEIGH BARBER HELD ON 3 CHARGES

William Sunman Accused of Giving Liquor to Minor, Giving Away Liquor and Unlawful Possession

### \$1500 BOND IN EACH CASE

William Sunman, a barber of Raleigh, was arrested this afternoon on three affidavits filed in the circuit court, one being for the unlawful possession of intoxicating liquor, one for unlawfully giving away liquor, and one for giving liquor to a minor. Sunman pleaded not guilty and Judge Sparks fixed his bond at \$1,500 in each case, which was provided. The charge of unlawful possession alleged that the defendant had four gallons of whiskey in his possession on November 24; the charge of giving liquor to a minor alleged that on that date he gave Roy Donovan two or three drinks; the charge of giving away liquor alleged that on November 29 he gave Raymond Camp a quart of whiskey.

All three charges were filed by Charles D. Ertel, prosecuting witness. A search of the premises was made today by officers but no liquor was found. A quantity of empty bottles was found, it was said.

### STOLEN MACHINE ABANDONED HERE

Authorities Think Car Found on the Harrie Jones Farm This Morning Was Used in Booze Running

### HAS AN OHIO LICENSE PLATE

A stolen automobile, believed to have figured in "booze running," was abandoned on the Harrie Jones farm just south of Rushville Tuesday night, and is now in charge of Sheriff Jones, awaiting word from Ohio, as to the owner of the car. The machine is a six cylinder Buick, comparatively a new car, and the top and a fender was badly broken, which gave evidence of the fact that it had been in some kind of an accident.

Late yesterday three men were seen driving the machine into a corn field on the Jones farm, just south of here, and this morning the machine was still there, which prompted action by the authorities. A note roughly scribbled on the seat told the officers to return the car to its owner.

In the rear seat was an army overcoat, but there were no letters or means of identifying the owner of the car, except by making inquiry from the Ohio state officials as to the license number which was 489710. There was no evidence of whiskey found in the car, the officials say.

### NEED FOR SUPPORT OF THE I. & C. SHOWN

Amos R. Baxter, Auditor, Discusses Disastrous Competition of Motor Trucks at Kiwanis Meeting

### VALUE OF TRACTION LINE

Weekly Payroll in Rushville Alone \$2,441—Steam Roads and I. & C. Pay 5 Per Cent of Taxes

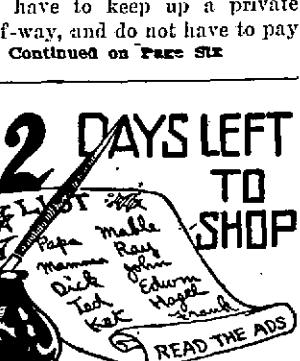

Amos R. Baxter, auditor of the Indianapolis & Cincinnati Traction company, read a paper on his classification at the regular weekly meeting of the Kiwanis club today noon at St. Paul's M. E. church, calling attention to the disastrous competition of motor trucks and the need of Rushville business men supporting the I. & C. because of its value to the community.

He pointed out that the railroads and traction line pay five per cent of the taxes in Rush county and that the weekly payroll of the traction company in Rushville alone was \$2,441.

The club transacted some business at the meeting, Jess Poe and Charles S. Green being appointed to co-operate with a committee from the Rotary club to make arrangements for the farmers and business men's banquet here during the county product show. A committee composed of Amos R. Baxter, J. T. Arnbuckle and Robert E. Mansfield was appointed to represent the club in preparations for the celebrating the county centennial.

Mr. Baxter spoke in part as follows:

The truck situation, as we are now facing it in Indiana, is demoralizing to regulated transportation industries, such as the interurban railroads and the steam railroads. They are not only carrying freight at a figure that the railroads and interurbans can not compete with, but are also operating a pickup and delivery system in connection with the same. In addition, the truck lines do not have to keep up a private right-of-way, and do not have to pay

### TO INITIATE CLASS TONIGHT

Elks Will Formally Open New Addition to Club Rooms

The Elks will formally open the new addition to their club room this evening when a class of fifteen candidates will be initiated. The degree work will be given by the Greensburg lodge. The lodge will open promptly at eight o'clock and lunch will be served following the degree work.

The addition to the building includes rooms for ladies, a commodious dining room and a large dancing room which will be utilized for social functions. The new part of the building is elaborately furnished with new hangings and floor coverings and the interior decorations and lighting fixtures harmonize with the other furnishings. Members of the lodge will get their first glimpse of the improvement tonight.

### ASHCRAFT TO GO ON TRIAL DEC. 8

Slayer of Raymond Craig, Former Rushville Youth, Indicted For First Degree Murder

### TRUE BILL BY GRAND JURY

Ashcraft Pleads Not Guilty at Connersville, Declaring That The Shooting Was Accidental

Lorenzen Ashcraft, accused slayer of Raymond Craig, Rushville youth who was shot and killed in Connersville last Friday and whose funeral took place here Sunday, will go on trial Thursday, December 8 in Connersville, charged with first degree murder, according to a grand jury indictment returned late yesterday.

Ashcraft admitted killing Craig after the shooting, but after being placed in jail he stated that the shooting was accidental, and explained that the two were planning to leave on a hunting trip, when the gun was accidentally discharged.

The Fayette county grand jury began the probe on Monday morning, and finished yesterday afternoon when they returned the indictment charging first degree murder. The defendant was brought into court immediately and pleaded not guilty.

No sign of fear, remorse or regret crossed the accused man's face.

### GLENWOOD CHURCH READY FOR DEDICATION

Services to be Conducted by Walter H. Friend of Minneapolis, Will Be Held Sunday

### CONGREGATION 5 YEARS OLD

The Glenwood Christian church, which was recently completed, will be dedicated at an all day meeting to be held Sunday, it was announced today. Walter H. Friend of Minneapolis, who is in Glenwood this week holding special meetings each night and becoming acquainted with the people of the community, will be in charge of the dedication.

Bible school will be held at the usual hour, 9:30 a. m., and the dedicatory address will be made by Mr. Friend at the regular morning services beginning at 10:30. A basket dinner will be served in the basement of the church at noon and at 2:30 o'clock the formal dedication of the building by the congregation will take place. Mr. Friend will preach at services to be held in the evening.

The church was constructed of light-colored brick and stands on the southeast corner of the Rushville-Connersville pike and the Main street, running north and south through Glenwood. It was completed at a cost of approximately \$18,000 and is modern in every particular.

The church was founded five years ago by J. V. Coons, deceased, and the Rev. Moody Edwards, who is now a church missionary in Mexico.

### BIG DEMAND IN TOWNSHIPS

The sale of Red Cross double barrel Christmas Seals will be started in Rushville Thursday, it was announced today. The sales will be made through a personal solicitation in the city, and later in the campaign it is probable that the little holiday stickers will be placed on sale at a few business houses and in the post office, where a booth is always maintained by the Phi Iota Xi sorority preceding Christmas.

If the advance reports from some of the townships are any criterion, the campaign will be crowned with success this year, because a steady demand for the Seals and Health Bonds is reported at several points in the county.

The first word from Milroy was that the sale was moving well in Anderson township and gave every promise of coming up to if not exceeding last year's results. News from Carthage this morning also brightened the outlook because the Ripley township chairman reported that his first supply of Health Bonds had been exhausted and that more should be rushed to him post haste.

### NO CHILDREN ARE TO BE FORGOTTEN

County Board of Children's Guardians, Salvation Army And Daily Republican Form Combination

### 1920 PLAN IS TO BE USED

Elks Lodges, Which Will Co-operate With Rotary Club, Starts Fund With \$100 Contribution

A combination (not in restraint of trade under the Sherman anti-trust law) has been perfected again by the Salvation Army the county board of children's guardians and the Daily Republican, this year, to make sure that no child in Rushville is forgotten by Santa Claus.

Although it is difficult to imagine that Christmas is so near, the holiday of holidays is just around the corner nevertheless and thoughts are gradually turning to childhood's happiest season when, to be without some remembrance, is to be sad and down-hearted.

For many years the Daily Republican has managed to collect together enough money to make certain a happy Christmas for every child in Rushville whose parents or relatives are not financially able to provide some gifts.

The arrangement last year was found the most satisfactory of any ever tried, when the names of underprivileged children were collected by members of the county board of guardians and the Salvation Army, and given to members of the Elks lodge and the Rotary club for them to buy gifts and distribute them.

The same method will be used this year and the Elks have already demonstrated their interest in the enterprise by voting \$100 to the fund. By this contribution the fund receives a splendid start, but the fact that such a large gift comes first should not lead anyone who has given before, to believe that their contribution will not be wanted, because it will be. The Elks gave a similar amount last year and there was little more than enough to go around.

Contributions will be received at the Daily Republican office up until Christmas time. The money which is thrown into the Salvation Army's kettle before Christmas will be applied to the fund and the baskets for Christmas dinners which the Army provides for poor families, will be paid for out of the Daily Republican-Salvation Army fund, as was done last year.

The members of the county board

### CHICAGO MAN WILL SPEAK AT BANQUET

Frank C. White, Agricultural Publications Representative, Obtained For Products Show Event

### IS QUALIFIED AS A SPEAKER

Banquet For Country and City Business Men Will be Served at K. of P. Building December 8

Frank C. White of Chicago, representative of all the leading agricultural publications in the United States, has been obtained as the speaker for the Farmers-Business Men's banquet at the K. of P. building, Thursday evening, December 8, which will be the closing event of the county products show opening next Monday at the Kirkpatrick garage in South Morgan street.

Mr. White is a member of the Illinois Association of Commerce and will come to Rushville highly recommended as a most entertaining and educational speaker. He is said to be well posted on agriculture as a business and by training is well equipped to discuss subjects of common interest to a group of city and country business men.

The banquet will be served by the Pythian Sisters and a charge of one dollar per plate will be made. The banqueters must of necessity be limited to 175 on account of the size of the room and it is believed that no difficulty will be experienced in selling this number of tickets. Homer Cole's orchestra will provide the music for the event.

The county products show will be the most pretentious thing of the sort ever attempted here. With the premium list running close to \$1,200, it is expected to attract a large list of entries in the corn, hog, poultry, ladies and girls' club departments. Competent judges have been obtained for all of the departments and an interesting contest is expected among the entrants.

The other high spot of the show, in addition to the banquet Thursday evening, will be the farmers mass meeting on Wednesday evening, Dec. 7, in the Graham Annex auditorium. The address will be delivered by C. S.

Farmers and Bankers of Ten Corn Belt States Promise to Co-operate More Closely

## TO FINANCE CORN GROWERS

Some Bankers Appear Hesitant About Accepting Corn as Sole Collateral For a Loan

Indianapolis, Ind., Nov. 30.—The future looked brighter for many corn belt farmers today.

Representative farmers and bankers from ten states in the middle-west meeting here agreed to co-operate more closely in financing corn growers who are pressed by adversity.

A majority of five hundred bankers entered into "a gentleman's agreement" to take advantage of federal funds made available for them to obtain and loan to the producers. Many of them will go even so far as to loan money from the banks themselves. In either case the corn in the borrowers crib would be used as collateral.

Some of the bankers appeared hesitant in accepting corn as the sole collateral and John Rhue, president of the Indiana Bankers Association, suggested that farmers form county organizations to sign the notes. Rhue declared Indiana bankers are willing to loan money where good security is offered, and he said where loans have been refused the proper security has been lacking.

Eugene Meyer, chairman of the War Finance Corporation, told the meeting that unlimited federal funds may be made available for the credit of farmers and Governor McCray, chairman of the corn belt advisory committee of the corporation, estimated \$200,000,000 would be necessary to enable the farmers to withhold their bumper corn crop from a shimping market.

Governor McCray will meet governors of the ten states represented at the meeting in Chicago Friday to arrange for state wide banker-farmer meetings.

## New York Stocks

New York, Nov. 30.—Industrials and oils were somewhat reactionary during the first few minutes on the stock exchange today, but the rails continued buoyant with a number of new highs. Mexican petroleum made an early low at 113, off 1 1/4 and Pan American Petroleum at 51 was off 5-8. While the first sale of Asphalt was up 1/8 at 64 1/2, the stock then sold off to 63 1/2. Burns Bros. opened at 116 1/2, or 3 from this week's high. Northern Pacific led the rails with early sales as high as 82 1/2, up 1. Big blocks of New Haven were taken at 14, which was the high price of Tuesday.

The list was somewhat irregular, with Sears Roebuck selling at a new low for the year below 55. Davison chemical continued heavy at 52, off 75-8 from last week's high.

The opening prices on the New York stock exchange include:

Sinclair 22 7/8 up 1/2; American Sugar 53 3/4 off 1/2; American Can & Foundry 143 7/8 off 5-8; U. S. Steel 52 7/8 off 1/2; Crucible 65 off 1/2; U. S. Rubber 50; Retail Stores 53 1/2 up 1/2; New York Central 75 up 1; Anaconda 45 1/2 up 3-8; Baldwin 98 1/2; Sears Roebuck 56 1/2 off 1/2; Pan American Pete 51 1/2 up 1/2; Pure Oil 9 1/2, off 1/2; Asphaltite 64 1/2 up 1/2; Studebaker 76 1/2 off 1/2; American Telephone 116 1/2 off 1/2; Mexican Petroleum 114 off 1/2; Athlon 90 1/2 up 1/2; Southern Pac. off 1/2; New Haven 13 1/2; Northern Pac. 82 up 1/2.

## ILLINOIS MAN WINS WORLD'S CORN HONORS

J. L. Workman Maxwell, Ills., Awarded 10 Ear Championship And Ed Lux of Shelbyville Single Ear

## INDIANA BOY CORN KING

(By United Press)

Chicago, Ill., Nov. 30.—J. L. Workman, Maxwell, Illinois, today won the principal corn honors of the world with a ten ear sample of yellow corn at the International hay and grain show. W. J. Ulrey, of Attica, Ind., won the reserve championship and the grand sweepstakes for Region No. 4.

Single ear white corn honors were awarded to Ed A. Lux, of Shelbyville, while his nephew, Frank Lux, 13, defeated Eugene Troyer, of Washington County, Indiana, for the junior ten ear white corn title.

The judging was active, with competition narrowed to four entrants—W. J. Ulrey of Attica, Indiana, Marvin Thornburg of Winchester, Indiana, Ora Bennett of Brownsville, Missouri, and J. Workman, of Maxwell, Illinois. The first two captured the prizes in region 3, and the last two in region four, which comprises the corn belt. They exhibited 16 ear samples.

In the fight for the single ear championship remained Ed Lux, of Shelbyville, Elsworth, Bailey, Olton, Iowa and J. W. Scott, Galion, Tenn.

John Hubley, of Mason City, Ills., with yearling Angus cattle, yesterday won the grand championship car lot award. The Highland Breeders association of Marfa, Texas, placed first in the feeder division.

**GOITRE REDUCED**

Symptoms Relieved—Report of Greenwood Lady—Home Treatment Used

Note: It would be illegal to publish these statements if they were not true.  
Mrs. Elbert Chasteen, Greenwood, Ind., says in her own home paper, the News: "I have suffered with goitre since I was a small girl. I have used Sorbol Quadruple three weeks and it has reduced my neck one inch. I can breathe better and don't have those dreadful headaches or smothering spells at night. Sleep good, have used almost one bottle and my Uncle does not think and choke me any more. You may use my testimonial. I will be glad to answer any letters."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful, normal condition. Required ten minutes daily.

**Court In a Taxi**

Warsaw, Ind., Nov. 30—Justice of the Peace J. S. Cain held court in a taxi cab late yesterday when the defendant was unable to come into his office.

Mrs. Mary A. Albertson waived arraignment to a charge of attempting to kill her husband and was bound over to the circuit court under \$2,500 bond. She went to jail. Suffering from exposure, she was unable to leave the taxi cab. She had run two miles and a half in the cold clothed in a nightgown and in her bare feet after the shooting.

Fred Albertson, who says his wife shot him as he entered their home Thanksgiving evening is expected to recover although the bullet is lodged within an inch of his heart.

ures as he listened to the reading of the grand jury indictment.

His demeanor in the court room was apparently bold. His answers to all questions were given quickly and without sign of hesitation. No trace of nervousness was apparent, further than the restless swinging of his left foot as he sat in the witness chair with his legs crossed.

"Can you be ready for trial Thursday, December 8?" the judge asked.

"Yes sir," was the prisoner's brief reply, adding, "the sooner the better would suit me."

Judge Springer then explained that Thursday, December 8 is the first date available for the trial. He also stated that counsel will be named some time this afternoon to defend Ashcraft and told the prisoner that the counsel appointed will visit the jail some time this afternoon. Ashcraft nodded his head in assent to the remarks of the judge.

Judge Springer then asked Prosecutor Himmelick if the arrangements were satisfactory. Himmelick gave his assent to the plans. As he did so Ashcraft scrutinized the official keenly.

The prisoner was then placed in charge of Sheriff Steele to be returned to the jail.

## A World Bank

Frank Vanderlip, who has always applied to finance a measure of constructive imagination beyond the wont of bankers, proposes a "Gold Reserve Bank of the United States of Europe". It would be an international bank for the Old World, apparently modeled after the American banking system, and would be intended to stabilize European money and credit and enable Europe and America to do business with each other more freely and satisfactorily. The backing would be American, and there would be a new European medium of exchange, possibly a world medium, based on the American dollar.

The value of some such institution, if it were possible to establish it, is evident. The money of all European countries is depreciated compared with American money, and the rates of exchange are continually varying. Any plan that would give Europe a better medium of exchange would help Europe to get on its feet and thereby benefit America. At present it is rather easy to sell goods to Europe, but it is almost impossible to get the money for them.

The plan will hardly go through, at present. The Bank of England, which has always borne the brunt of European finance, will insist that it is still capable of taking care of the situation. But every proposal of this sort emphasizes the extent to which the whole world is becoming one financially and economically, and hastens the time when the mechanism of international business co-operation will catch up with the requirements.

## Buck Jones at Mystic

The appearance of Buck Jones in a new picture is always an interesting event and he will be seen tonight at the Mystic. His pleasing personality, his daring, his unsurpassed horsemanship and the skill with which he frequently disposes of villainous foes by the use of barefists alone have made him a general favorite since William Fox made him a star. Nearly all his Fox photoplays have been "Westerns", because it is in drama of this sort that the qualifications referred to find most abundant room for display.

"To a Finish" is a story of the western plains, in which a young ranchman, in defense of his father and himself, undertakes to run down a villain who seeks, by surreptitiously placing rebranded cattle

among the herds, to stamp upon these men the infamy of cattle rustling. The young man succeeds, of course; but before he succeeds he undergoes some thrilling experiences and hair-breadth escapes from death. And in the prosecution of his task he is assisted more than once by a very charming girl—played by Helen Ferguson—who at the close finds a permanent haven in the arms of the intrepid ranchman.

## Do You Have Colds In Winter Months?

A woman and children to be assured of good health this winter should have a steady, even heat in the home. A changing temperature promotes colds and pneumonia.

To secure this sameness of heat, we have for your furnace a Pocahontas coal that burns long and slow. It does not flare up after firing only to die down in a short time.

But instead it will, with but little attention, give a steady heat during the entire day.

## SEVERAL SELECTIONS MADE

Baseball Magazine Publishes Their  
Selection and Fred Lieb Also  
Has "All Star" NineBy HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Nov. 30—While the season is not yet open for the hunters of the "All-American" type, those fans who like to read and argue about "All-AH" selections are having some food for gossip in the nominations for "All Star" baseball teams.

In a recent issue, the Baseball Magazine, nominates a first team composed of George Sisler first base; Rogers Hornsby, second base; Dave Bancroft, shortstop; Frank Frisch, third base; Ruth Cobb and Speaker in the outfield; Steve O'Neil, catcher; Grimes, Faber and Mays, pitchers.

This combination favors the American League by a count of seven to four and makes it look like the National League infielders are all to the good and their outfielders all to the bad. The selection also hands the bulk of favor to the American League batteries.

Another selection, that of Fred G. Lieb, one of the leading baseball critics in New York, is of interest. Lieb places on his first team; Sisler, first base; Eddie Collins second base; Bancroft, shortstop; Frisch, third base; Ruth Speaker and Ross Young, outfield; O'Neil, Shantz and Snyder, catchers; Faber, Mays, Grimes, Neib, Shocker and Coveloskie, pitchers.

Sisler, Bancroft, Frisch, Ruth Speaker and O'Neil are favored by both experts and probably will be by all who do any kind of "All" picking in the major league. Perhaps all will not agree with the nomination of Eddie Collins on second base as he is fading, while Hornsby is just reaching his prime.

In view of what the National League pitchers did to the Yankees in the world series it looks also as if the American League hurlers may not be entitled to so much room on the pitching staff. Also it is hard to see how Wain Hoyt can be crowded out in favor of Coveloskie.

Sister at first base and Frisch at third base are in a class by themselves. Barring the Gibraltar-like, Stuffy McInnis, the Brown "Sizzler" outclasses all other doorkeepers of the big time and there is no third baseman within a mile of the "Fordham Flash," Frank Frisch.

Ruth because of his great hitting and Speaker because of the all-around class that makes him a centerfielder of the "All" class for all time, rule supreme in the outfield. Ty Cobb is there too on his past, but that must not be taken to mean that the Georgia Peach is through. His legs are not what they used to be, but he is still one grand player.

Steve O'Neil, the husky Cleveland receiver, is generally regarded as the best catcher of the game, although Chicago will argue long and loud about Ray Schalk. Pittsburgh will claim for Schmidt and the Philadelphia fans will run to the support of Cy Perkins. All are fine catchers, but the Cleveland Irishman seems to have a slight edge.

## TO PLAY CONNERSVILLE

The St. Mary's basketball team will meet the St. Gabriel's team from Connorsville here Thursday night in the St. Mary's church hall, and it is expected that the game will prove a good drawing card. It also is announced that a curtain raiser between two school teams will be played beginning at 7:15. The St. Mary's team will present their strongest line-up against the Connorsville team in the game tomorrow night.

Daniel Melley, Former Deputy Constable, Tells How Officials Profited by Sale of Booze

## WHISKY RING IN ACTION

Liquor Seized in Raids Sold And Money Divided—Defendants Bond Money Confiscated

(By United Press)

Indianapolis, Ind., Nov. 30—Starling revelations in federal court today laid the groundwork for possible federal grand jury investigation of the Gary city officials and even the conduct of the last federal grand jury.

Daniel Melley, formerly a deputy constable in the court, and Justice of Peace Charles Clemens charged that the city officials in Gary profited from the sale of liquor seized in prohibition raids.

Testifying in the investigation of an alleged booze ring, Melley declared that the confiscated whisky was divided among William Dunn, judge; Henry Hunter, former prosecutor; Herman Nyhof, assistant constable, and himself and that it was sold and the profit divided among them.

He also charged that when the liquor was taken to Justice Clemens, it was the custom to have the defendant give bond and then drop the case and divide the bond money between Clemens and the constable after deducting the \$25 for the prosecutor's service.

The federal grand jury was dragged into the scandal when Melley testified that his wife knew all about his testimony even before he returned home.

"We will let the federal grand jury look into that too," Judge A. B. Anderson said. Anderson expressed surprise that some of the officials named by Melley had not been indicted by the last grand jury.

On being told that Melley had told the same story to the previous grand jury, Anderson instructed District Attorney Van Nys to draw up a list of officials without presenting them to the next grand jury.

(By United Press)

Chicago, Nov. 30.—Just as leaders were playing the death march over the prohibition party, the supposed corpse rared up and decided to march on in the cause of reform.

H. P. Fairis and others, who voted thumbs down on confirmation of the party were defeated on the floor of the white ribbon convention today when it was decided to continue the party until either the Republicans or Democrats promised complete enforcement of the eighteenth amendment.

"We are going to use the party to whip the big parties into line," agreed H. S. Bonish, Indiana and H. S. Tubb, Wisconsin who rescued the party on the brink of the grave.

Efforts of Lucy Page Gaston to put the party on record to campaign against cigarettes and for blue laws failed.

The party took credit for the following:

Prohibition;  
Child labor laws;  
Parcel post;  
Popular election of U. S. senators.

Odd Fellows Basketball Tossers Succumb Before Attack of Richeson, Imported Player

## NEW FACES IN THE LINE-UP

Locals Play Better Brand of Ball Than in Opener and Expect to Improve as Season Goes On

The Odd Fellows basketball team, showing considerable improvement since the opening game, lost a hard fought battle last night to the Moscow Independents, by the score of 30 to 18, and the visitors were compelled to exert their utmost in order to pull out ahead.

The Odd Fellows last night presented a different line-up than the one used in the opening game, and it is better indicated that the team played faster ball, had better team work and did not give up when trailing behind a few points.

In the preliminary game the Christian Sunday school team won a close game from the Presbyterian team, 8 to 5, and the contest was hard fought, with the youngsters displayed good passing.

The Moscow team imported Richeson from Shelbyville who was their main point getter during the game, and no matter how closely he was guarded, he managed to slip around and toss in the ringers from any angle on the floor. He made one-half the team's points.

Titsworth and Brown at forwards proved to be a good pair and Shaw held down the pivot position like an old timer. Norris started at floor guard, and later relieved Petry at back guard, with Eakin's taking the floor guard position. Davis also is a comer, and will be a good man for the forward position.

The new team will begin practice on several combination plays this week under the direction of Coach Kirkpatrick, who was extremely well pleased with the showing made by the new team. The Odd Fellows were a little weak on the offensive last night, and this part will be one of the points to be remedied.

The Connorsville Reserves, the fastest team in that city, will come here next Tuesday night for a game, and the game will attract a big crowd of fans from both cities.

The line-up and summary of the game:

Moscow (30)	I. O. O. F. (18)
Richeson	F. Titsworth
P. Gosnell	F. Brown
C. Gosnell	C. Shaw
Gardner	G. Norris
Peek	G. Petry

Substitutions: Rushville, Eakin for Norris, Norris for Petry, Davis for Brown. Field goals, Richeson 7, P. Gosnell 2, C. Gosnell 5, Titsworth 4, Brown, Shaw 2, Norris. Foul goals, Titsworth, Shaw, Richeson, C. Gosnell. Referee Campbell.

CONNERSVILLE RINK  
IS READY FOR GAME

Rushville High School Will Play First Game in Remodeled Building Friday Night

## CHANGES IN LOCAL LINE-UP

The Rushville high school basketball team will put on the opening game at the new gymnasium in Connorsville Friday night, when the two high school teams will meet in action in what is expected to be a lively contest. Both the varsity and second teams from the two schools will play.

The Hech Rink has undergone repairs this fall and was only completed this week in time for the game, and Rushville will attempt to win the first game on the new floor. Connorsville has a stiff team this season and has played several games, dropping a game last Friday to Newcastle, 32 to 16, at that city. Coach Sutton, it is understood has been putting in some extra licks, and will reorganize the local team, with Frazee jumping at center, but playing his usual place at back guard, and the center opponent will be taken care of by Pugh. Headlee, it is understood, may not play until the first of the year.

Two special cars will leave here Friday night at six o'clock and the high school band will accompany the teams and fans on the trip. Their fines totalled \$105.

Taking Rap at Boxing all The Fad in New York With National Sporting Club Joining in

## ORGANIZATION ISSUES DEFI

Governor Miller is Waiting For Excuse to Close Fight Shops And Put Boxers to Work

By HENRY L. FARRELL  
(By United Press)

New York, Nov. 30—Taking a rap at boxing is becoming a popular pastime in New York.

The battling ranks of Tex Rickard, Jack Curley and the "boxer's union" have a new addition now in the National Sporting club. This club which organized two years ago to elevate boxing through the moral support of "the best people in New York" serves notice on the warring elements to quit warring or they'll all have to go to work.

The club says unless conditions are changed, it will go before the governor and ask the repeal of the boxing law.

Tips from upstate have it that Governor Miller is just waiting for some responsible organization to give him the excuse to close all the fight shops and put the poor abused prize fighters to work.

The national sporting club drew up the Walker Boxing bill and was largely responsible for getting it passed under the administration of Governor A. L. Smith. Rickard was one of the original members of the club, but he withdrew and some bitter feeling resulted which still exists.

The "boxer's union" did not take kindly to a "croud of booted shirt fronts" trying to tell them how to run the game and the club had a tough time getting a license, only to lose it after the Lynch-Herman fight a \$100,000 proposition on which the club lost money.

YANKS FALL BEFORE  
THE MUNCIE MAROONS

Independent Five of Carthage Is Defeated on Own Floor Tuesday Night, 30 to 18

## CURTAIN RAISER OVERTIME

In a well played game at Carthage last night, the Muncie Maroons, who previously had eleven straight wins to their credit, annexed their twelfth victory when they defeated the Yankee Five team of Carthage by the score of 30 to 18.

Muncie led the first half 13 to 6. They had some brilliant passing and showed good team work. Carthage played on even terms throughout but missed many easy goals. In the curtain raiser the Carthage Reserves won from the Rushville Shamrocks, 23 to 21, in a five minute overtime game. The game ended with each team having 17 points, and the extra five minutes gave Carthage the game.

Rushville used Gray, Kelley, Carson, Schmitt, Moore, Scales and Martin in the game.

The big contest of the evening attracted a large crowd. Muncie had such players as Owens, Schlufer, Hazelton, Pittenger and Berkman. Carthage used Berseh, Simmonds, Winslow, Flores, Binford and Henley.

AVENGER HOVERS  
BEHIND THE SCENE

Whether Bambina Maude Delmonte Would Take Stand Against Arbuckle is Big Question

## NEITHER WANTS TO CALL HER

Glimpses Into Childhood Life of Virginia Rappe Given by Mrs. Fox, Her "Aunt."

By M. D. TRACY  
(U. P. Staff Correspondent)

San Francisco, Nov. 30—Bambina Maude Delmonte, the "avenger" hovers behind the closing scenes of the Arbuckle trial today—the one remaining mysterious figure of the case.

Whether the woman who swore to the charge of manslaughter on which Roscoe Arbuckle is now being tried, would take the witness stand was the one big question of the day.

Both sides admitted she would not be called if it could be avoided—but her name has been mentioned more and more by witnesses and she is being drawn slowly closer to the stand.

Mrs. Delmont herself is flitting around constantly in the background. It has been brought out she dined with one state witness yesterday. She has had numerous phone conversations with others. Although she has taken care to appear only once in court she is in close touch with the case.

The prosecution had planned to close its case yesterday, but when adjournment time came, it was announced that more witnesses were to be examined.

Glimpses into the childhood of Virginia Rappe in connection with whose death Fatty is held, were given at the closing of yesterday's sessions. Mrs. Katherine Fox, Chicago, who had known Miss Rappe since 1900 and Mrs. Josephine Hardebeck, the "aunt" with whom Miss Rappe lived, told of her childhood, her early life and her secret love affairs.

Mrs. Fox, speaking slowly—a pleasing picture in luxuriant black furs enhanced by contrast with an ivory white throat—described how Virginia at the age of six had been a "normal healthy child" who made mud pies like other kids. She told how the girl had later studied "dancing and high kicking," had become a daring motorist at the age of 14; had been a model for a woman travelling "to sell gowns" through the Great Lake states; had gone to London in a similar capacity also visiting New York, Chicago and the Pacific coast.

Then came a bit of romance—but it was cut short.

"Yes, Virginia was engaged to Harry B. Barker, Gary, Ind." Mrs. Fox said. "I knew it because he and Virginia told me so. And one night I heard Virginia break off the engagement. It was the Bismarck Gardens in Chicago. She said—"

What she said the world will never know, because a hardened district attorney, unromantically flung a vigorous fist in the air and announced that such things had nothing to do with the case. The judge agreed and the romance was buried.

Mrs. Hardebeck told much the same story.

Indications today were that the trial might be drawn out into next week. The board of medical examiners appointed to make a microscopic examination of Miss Rappe's organs, notified the court it would not be ready to report today. Until it reports the evidence cannot be concluded. Unless attorneys limit their arguments before the jury, it may be the first of next week before Arbuckle knows whether he is "back to the films—or bail."

A sensation was sprung in the arrest of Mrs. Minnie Neighbors, witness for Arbuckle, on a charge of perjury. The arrest was on complaint of District Attorney Matthew Brady. The woman, who is the wife of a Los Angeles policeman, was held in \$2,000 bail.

Mrs. Neighbors testified she saw Miss Rappe tearing her clothes in frenzy at Wheeler Hot Springs in Ojai Valley last August. Prosecution witnesses said Miss Rappe was not at the Spring at that time.

The program proved an event of exceptional merit and real enjoyment to the large audience present.

One of the most pleasing numbers on the program was the violin solo "Faust Fantasie" by Sarasate, played by Mr. Parke who is a violin artist of distinction. He played with a repose and refinement which can only be expected from a well tried artist.

Numbers which deserve especial mention were: "American Fantasie," by the orchestra; "The Glee Club Boys" by the Glee Club; In a "Paganoda" by the orchestra and xylophone solo by Samuel Rowland.

Much of the success of the evening's entertainment was due to efficient work of Mr. Parke.

## She Reached for Gun

Indianapolis, Ind., Nov. 30—A two-gun bandit fled from the Hopper and Jones grocery, when Miss Bulah Pritchard reached for a revolver in the cash register. In running the bandit grabbed Miss Pritchard's purse which contained \$10.80.

George Hopper, brother of one of the proprietors, dashed out the rear door when he heard the command "Hands up". He and Miss Pritchard had just counted the day's receipts which were in the open drawer of the cash register. The girl reached for the gun instead of running.

Later she found Hopper and together they notified the police.

They are going through our county, destroying our roads, and not giving back to the county one cent in taxes or fees, while the railroads and interurban are paying wages to men employed in Rushville and these wages are largely spent with our local merchants. They are also paying out a large amount of taxes in our local county, much of which goes to the up-keep of these very roads which the trucks are using for competitive purposes.

During the year 1921, the four steam railroads in Rush county and the Traction company, paid out in taxes a total of \$51,604, of which amount the Traction company paid \$8,460, and the four railroads \$42,144. The total taxes from all sources paid in Rush county amounted to \$1,042,000, from which it will be seen that the railroads and interurban

The Indianapolis and Cincinnati Traction company has been paying out annually to employees living within the city of Rushville \$126,942, or \$2,442 per week, practically all of which is spent with our own local merchants. The other railroads are paying about \$30,000 annually in wages within the city of Rushville. Not only are the truck owners not paying any taxes to the county or city, but they are destroying our roads and leaving nothing in the county to pay for them.

It is an item which should be of considerable interest to our merchants, that while the railroads and interurban, through their pay rolls are distributing large sums of money which are paid to the merchants, that the trucks pay out nothing, and contribute nothing to the mercantile interests of the community.

While everyone recognizes the value of the present day motor buses and trucks, if operated properly as feeders for the great railroad and interurban systems and between communities not fortunate enough to have this service, no one with the interest of the country at heart would say that the trucks and buses should be operated in direct competition with the railroads, who have

## Choice Cuts —and Others

A few months ago a newspaper man visited one of the wholesale markets of Swift & Company. He wanted to see a retailer buy a short loin of beef and then watch the retailer sell the porterhouse and sirloin steaks from it over his counter. He thought this would make a good story.

The head of the market took the reporter into the "cooler" where he showed him a high class side of beef. With a wooden skewer he marked off the short loin and said, "That is only 8 per cent of the weight of the whole side and it is selling for four times as much as this piece (and he marked off the "chuck," which is about one-fourth of the side of beef)."

The wide variation in the wholesale price of various cuts from the same side of beef is caused largely by demand for the so-called choicer cuts. The others are, of course, just as wholesome.

It seems as though more people than ever are demanding choicer cuts, and their demand sets the price. If few people ask for the forequarter cuts, the price of forequarters will automatically drop to a figure low enough to induce people to buy because of cheapness.

Even though certain cuts sell for relatively high prices, other cuts, due to lack of demand, sell so low that our profit from all sources over a period of five years averaged only a fraction of a cent a pound.

It is competition between consumers for the choice cuts that keeps prices for those cuts relatively high; an equalizing demand for all parts of the carcass would benefit producer, packer, retailer and consumer.

Our average wholesale selling price of all products has fallen about 40 per cent since September 1920.

## HARDING TO GIVE A BUSINESS MESSAGE

Message to Congress Will be Devoted to Efforts to Put Government on Business Basis

### TO BE DELIVERED TUESDAY

This Was President's Campaign Pledge and He is Anxious to Show Country It Is Being Carried Out

By RAYMOND CLAPPER  
(U. P. Staff Correspondent)

Washington, Nov. 30.—President Harding will deliver a "business message" to congress when it meets for the regular session next week. The message will be devoted for the most part, to outlining the administration's efforts to put the government on a business basis and to legislation designed to speed up the return to normalcy.

This was his big campaign pledge on the domestic side of affairs and he is anxious to seize this opportunity to show the country that it is being carried out.

One section of the message, it is learned will be devoted entirely to discussion of the estimated economies achieved by the new budget bureau.

It will be delivered to congress next Tuesday probably in person.

An earnest appeal to rush the permanent tariff bill to completion was included.

While the president is known to be dissatisfied with the tax bill just passed he does not contemplate asking for new tax legislation at once, feeling that business should not be held in further uncertainty.

Congress was asked to amend the merchant marine act by striking out the provision directing the president to abrogate commercial treaties which forbade the imposition of discriminatory joint land and water rates.

Whether a recommendation in behalf of the bonus bill will be included is still undetermined, but President Harding is seriously considering it.

## GERMAN MINISTER TO CONFER WITH HORNE

Britain is Desirous of Closer Political and Commercial Relations With Germany

### PAYMENTS MUST BE MADE

(By United Press)  
London, Nov. 30.—Dr. Walter Rathenau, former German minister of reconstruction, is in London to confer with Sir Robert Horne, chancellor of the exchequer, it was learned from a reliable source here today.

The visit of Rathenau, coming as it does on the heels of the mysterious visit of Hugo Stinnes, the German super-financier aroused interest of the London press.

Rathenau arrived in London under circumstances rivalling the mystery attendant to the visit of Stinnes.

Britain is extremely desirous of closer political and commercial relations with Germany as well as easing the reparations situation, according to the general opinion here. It is understood that Britain considers a moratorium as the best solution of Germany's acute economic situation.

However the attitude is taken by Britain, it was understood that Germany must make her January reparations payments although it is conceded exterior credits are needed by her.

Lord Abernon, the British ambassador at Berlin has been called to London it is said to join a conference on the situation.

### FARMER'S WIFE INVITED

Township Meeting Will Include The Whole Family in Future

Leipsburg, Ind., Nov. 30.—The farmers wife will come in for her share of benefits in the future farmers meetings here. Hubby is beginning to realize that he is not the whole farm.

The plain township branch of the Indiana Federation of Farmers associations has decided to make future meetings of the federation interesting to members of the farmers family. In the past men alone have participated. Hereafter social features for wives and daughters of members will be included in all meetings. The same idea will be suggested to every branch of the Farm Federation in the state.

## LABOR CONDITION IS NOW TURNING

National Conference on Unemployment Has Been Instrumental in Reducing Idleness

### BUILDING ACTIVITY NOTED

Boom is General Throughout the Country and One Third Idleness Reduction is Observed

By LAURENCE BENEDICT  
(U.P. Staff Correspondent)

Washington, Nov. 30.—The national conference on unemployment has been instrumental in putting between 1,500,000 and 2,000,000 idle men and women back to work, Secretary of Commerce Hoover believes.

Based on the last labor department estimate of 5,500,000 unemployed, this would be a reduction of nearly one third in the nation's idle in the last two months.

Hoover made it plain he believes this pick up in industry may be only temporary and that January and March may see the gain entirely wiped out. A general revival of building has been the biggest factor in helping the unemployment situation, reports to E. E. Hunt secretary of the national conference show. Twenty-seven states comprising the northeastern section of the country reported the awarding of building contracts involving \$318,030,000 in September and \$394,977,600 in October. Both figures setting new records.

This building boom is general over the country, Hunt said. He cited figures showing that sales of municipal bonds for public works have broken all records since the unemployment conference. More than \$60,000,000 of these bonds representing new works have been sold recently in 13 representative states with more than \$34,000,000 additional placed on the market. Added to this \$10,000,000 in state bonds have been disposed of with an equal amount more offered for sale.

Illinois has sold \$2,000,000 in bonds since the unemployment conference was called and Indiana \$2,000,000.

The total amount of municipal bonds issued as the result of the speed-up program of public works urged by the national conference is estimated at \$113,787,230 for 415 representative municipalities with reports indicating these bonds are being taken quickly and that all work projected will be under way shortly.

New road work will put 150,000 more idle men on pay rolls soon reports to the conference indicate. Governor of six states have reported that within two months they can start work on more than six thousand miles of road improvement.

Indiana reported it can put 5800 men to work on road jobs.

### PLANS USE FOR ALLIED DEBT

Vanderlip Suggests Money be Returned to Europe's Rehabilitation

New York, Nov. 30.—Use the allied debt for Europe's rehabilitation. This is the plan today of Frank A. Vanderlip, former president of the National City bank for settlement of the world's financial problem.

Vanderlip, who has just returned from abroad proposes that the U. S. agree not to receive the money due from Europe on condition that it be used by the debtor nations in their own economic rehabilitation. His proposal was made in a speech before the economic club. This said Vanderlip, would be a "beau jeste" in international relationships and would hasten the stabilization of the world.

### THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and, in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

### How Many Objects in This Picture Start with the Letter "C"

The above picture contains a number of visible objects beginning with the letter "C". Take a good look at the picture. See, there are all sorts of objects beginning with the letter "C", like cow, cane, cat, etc. Nothing is hidden and you don't have to guess. Just count and write down or sideways. Start making a list of all visible objects in the picture, the number of which begins with the letter "C".

Prizes cash prizes will be awarded for the fifteen best lists of words submitted in answer to this puzzle. The answer having the largest and nearest correct list of visible objects shown in the picture which begin with the letter "C" will be awarded first prize; second best, second prize, etc.

Write down these "C-words" you have in mind right now. This is the time to start.

### Everybody Join in

The Indianapolis Star announces today a most interesting and amusing puzzle—a puzzle that is different. It is a great big fun game in which all are participants from the youngsters to Grandpa and Grandma. It really is not a puzzle at all. All the objects have been made perfectly plain with no attempt to disguise or hide them. None are so small but that the poorest eyesight can see them. It is a test of your skill, your ability to find the visible objects beginning with the letter "C" in the picture to determine the prize you win. Gather all the members of your family together this evening, have one of them a pencil and a sheet of paper, study the picture carefully and see who can find the most "C" words.

### Open to All—Costs Nothing to Try

The Star invites you, Mr. and Mrs. Reader and family to join in this puzzle game. We know you will find it the most fun of fun and excitement, educational and interesting to all. Now that is saying a lot, but wait until you have tried it. We venture to say you will agree with us that you never had so much fun. It doesn't look hard, and it isn't hard. It is an interesting picture just blushing over with fun for all.

### OBSERVE THESE RULES

1. Any man, woman, or child, or old employee of The Indianapolis Star, or a member of an employee's family, may subscribe to the contest.

2. All answers must be mailed by Dec. 15, 1921, to Fred Dicks, Puzzle Manager, The Indianapolis Star.

3. Answers should be written on one side of the paper only and words numbered consecutively 1-2-3, etc. Write the address on each page in the upper right-hand corner. If you desire to write elsewhere else use a separate sheet.

4. Only words found in the English dictionary will be counted, and no hyphenated, compound or obsolete words. Use either the singular or plural forms wherever plural will not be counted and vice versa.

5. Words of the same meaning should be once, even though used to designate different objects. The same object can be named in many ways. However, any part of the object may be named.

6. The answer having the largest and nearest correct list of names of visible objects shown in the picture, that begin with the letter "C", will be awarded the first prize, etc. Neatness of handwriting have no bearing upon deciding the answer.

7. There will be three independent judges having no connection with The Indianapolis Star, who will judge the answers submitted and award the prizes at the end of the Puzzle Game.

8. The judges will meet on Wednesday, Dec. 28, 1921, and the announcement of the prize winners and the conditions may be co-announced in answering the puzzle, but only one prize will be awarded to any household, nor will prizes be awarded to more than one person.

9. All new subscriptions will be carefully verified by the Indianapolis Star, and candidates marking old subscriptions as new will positively forfeit the credit and subject themselves to maximum bonding rewards.

10. All answers with regard to the conditions, regardless of whether or not a subscription for The Indianapolis Star is shown.

11. There will be three independent judges having no connection with The Indianapolis Star, who will judge the answers submitted and award the prizes at the end of the Puzzle Game.

12. All answers with regard to the conditions, regardless of whether or not a subscription for The Indianapolis Star is shown.

13. There will be three independent judges having no connection with The Indianapolis Star, who will judge the answers submitted and award the prizes at the end of the Puzzle Game.

14. The judges will meet on Wednesday, Dec. 28, 1921, and the announcement of the prize winners and the conditions may be co-announced in answering the puzzle, but only one prize will be awarded to any household, nor will prizes be awarded to more than one person.

15. The Indianapolis Star will publish in The Star as quickly thereafter as is possible.

### You Can Win \$1000.00

It costs nothing to take part and you don't have to send in a single subscription with your list of "C-words". If you list of "C-words" you will win \$30, but if you would like to win more than \$30 we are making the following special offer, that is, if you can win bigger cash prizes by sending in the entire list of figures in prize list.

Or if you are awarded FIRST, SECOND or THIRD prize, and you have sent in a single subscription to The Star for one year you will receive \$250 instead of \$30.

Or if you are awarded FIRST, SECOND or THIRD prize and you have sent in two yearly subscriptions to The Star, for one year each you will receive \$500 instead of \$30.

Or if you are awarded FIRST, SECOND or THIRD prize and you have sent in three yearly subscriptions to The Star, for one year each you will receive \$750 instead of \$30.

It takes but two subscriptions to qualify for the big \$1,000 reward. Absolutely two subscriptions in the maximum, one little effort. Your own subscription will count as one and you can take subscriptions to start at any time or date. In sending in your subscriptions give full information on a separate sheet from that on which you send in your answer.

## Your Health Problem

Health is the result of the Natural Energy assembled in the Brain and transmitted through the nerves to the various parts of the body. No part or organ of the body can function normally without a proper supply of this Energy. Sickness has its primary cause in misplacement of the vertebrae which compress the great nerves and obstruct the normal transmission of this Health Energy.

### Chiropractic

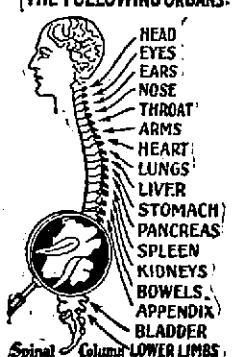

is the art of skillfully adjusting by hand these misplaced vertebrae to their normal position which releases the nerve pressure and permits a normal transmission of this vital energy to the afflicted portion or parts of the body.

Whether you can understand it or not Chiropractic is right. It gets sick people well without medicine and often after everything else has failed to give any relief whatsoever.

## Rub Backache Away

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil". Nothing else takes cut soreness, lassitude and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

## The Air Tight Hot Blast FLORENCE

is far superior to any other stove on the market today for burning soft coal, slack or wood. It is a floor heater and will heat the floor for 4 or 5 feet from the stove.

The jointless leg bottom base makes it as good a fire-keeper in 26 years as it is today.

Call and see the Florence and save 20% on the price of stove and 25% on your fuel bill.

## CHINA TO GIVE UP POSTAL SERVICE

Presence of Postoffices Conducted For Foreign Governments Has Been Injury to Government

### AGREEMENT BY NINE POWERS

Is Proof That Keynote Struck by Secretary Hughes is to Run Through Entire Conference

By WILLIAM JENNINGS BRYAN  
Copyright 1921 by United Press

Washington, Nov. 30—The agreement reached by the nine powers to give up postal privileges in China will greatly delight the Chinese people and greatly encourage the government at Peking.

The presence of the post office conducted by foreign governments has been more than a mortification; it has been a real injury to the home government. China had had competitors in a matter which in other countries is the government monopoly.

The agreement to withdraw these privileges is in harmony with the spirit of the conference; it is additional proof that the keynote struck by Secretary Hughes on the first day of the session is to run through the entire proceedings. While China is securing numerous concessions, it must be remembered that she had a large number of grievances.

One of the most obnoxious limitations against which she protests is the restriction placed upon her custom duties. One of her early treaties restrains her from levying a tariff of more than five percent on imports. Of course she never entered into any such treaty voluntarily—no nation would of her own volition make any such surrender of her taxing power. As soon as this treaty was published all the other nations, great and small claimed the same privilege under the "most favored clause".

If the spirit thus far manifested continues to dominate the conference there will be a modification of this restriction. In fact, China may expect a removal of all discriminations that interfere with her legitimate aspirations.

The question of land armaments seems to be in a state of suspended animation. It awaits news from Germany or the announcement of some form of assurance which will allay the fears of France.

The association of nations plan grows apace. Ex-Senator Sutherland, who is close to the American delegation explains that the form of cooperation favored is not in line with the covenant of the League of Nations. It does not contemplate the exercise of force; the finding, if such there be, will not be binding on the nations. Its influence will be morale rather than physical. Its worth will be measured by the extent to which the conference generates the world's disposition towards peace mentioned by Secretary Hughes.

The treaties negotiated by the United States with thirty nations were built upon the same plan. They provided for the investigation of all questions of every kind and character that defied diplomatic settlement and they pledged the nations to a year's time for investigation and report. But they expressly reserved to the contracting parties the right of independent action at the conclusion of the investigation. This reservation of independent action was omitted from the covenant of the League of Nations, Article 10, which was substituted for this reservation was largely responsible for the opposition to the covenant.

President Harding could hardly be expected to propose a plan containing any provision resembling Article 10, but he can, with entire consistency, offer a plan in harmony with the thirty treaties because the Senate unanimously endorsed these treaties.

### CARD OF THANKS

We desire to most sincerely thank our neighbors and friends for their words of sympathy and acts of kindness which came to us in our hour of deepest sorrow and for the beautiful flowers in token of their love and appreciation of our son, brother and grandson, Charles Lakin. We thank Bro. L. E. Brown for his words of comfort and the singers for their sweet songs. To one and all we again express our appreciation of everything that was done to lighten our burden at a time when loving friendship means so much.

### CROSS-EYED CAT RIDES THE TRUCKS

(By United Press)

Hoquiam, Wash., Nov. 30—Trainmen, 'ware the black-cat or even one which has changed its color from nondescript to black via the coal smoke process!

So say trainmen on the short line running between here and Gray's Harbor.

A shaggy, cross-eyed feline, with a voice like an unoled car spring, persists in riding the passenger coach trucks on every run the local makes.

Decoyed abroad the trucks by sniffs of a hot axle box, the hobo feline has made his (or her) nest on a spring and gone into winter quarters where the frictional heat knocks the spots out of Ole Man Winter's chill breezes.

Certain foods, those rich in vitamins, are more useful than others.
